You (and your spouse if you are married) have indicated that you have extenuating circumstances that could affect your ability to contribute to your education. This form asks for information needed to consider an appeal of your expected student contribution. It should be submitted as part of a written appeal or the **Student Appeal Letter** (Form #19 on our website).

If you have not updated your 2013-14 FAFSA with filed tax information we will not be able to apply these changes until you do so. Log onto www.fafsa.gov and use the IRS Data matching tool to expedite updating this information.

In order for us to recalculate your eligibility (if your appeal is granted), you must provide estimated 2013-14 income figures.
DO NOT include any funds expected from financial aid, veteran's educational or untaxed social security benefits!

***All questions must be answered; blank is not an answer.* Use gross income, not take-home or net.**
