What Living on the Land Alumni have to say about the class:

"I really enjoyed getting to know our classmates and sharing ideas, frustration, triumphs etc. as we explored options for our properties".

"It was great to have so many resources at our fingertips. I'm excited to delve deeper as I have time."

"Learning about all aspects of using our land to its best potential. It's also great to know that we're on the road to doing the right thing…."

"…great information provided in handouts and websites…"

"Talking to other classmates made me feel less overwhelmed and 'stupid'. I realized that I wasn't alone and that there are people and resources out there to help."

"I wish I could have taken a class like this 20 years ago. What I paid for the class came back in value after the first two classes, and the rest was over the top!"

"The introduction to pasture management & rotational grazing helped to plan for better use of our pasture."

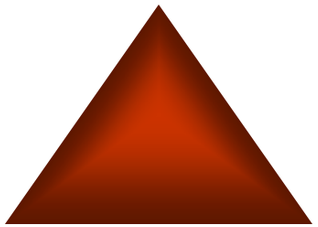
Living On the Land

Stewardship for Small Acreages

What Is It All About?

The "Living on the Land" class series is aimed at providing current and future land owners with practical information and resources about small acreage management. Participants develop a plan for their property, and share ideas with a team of expert instructors and other participants.
2013 marks the twelfth year that the "Living on the Land—Stewardship for Small Acreages" class series will be offered by the University of Idaho Extension.

Your dream can become a reality!



Goal setting is a balancing act!
INVESTMENT
vs
RESOURCES
