Rationale Information

Rationale for approval of this request:

We request that these changes be taken as a group. These changes have been proposed in efforts to better align the Department's 3+2 program with existing College of Graduate Studies Admissions Policies. The proposed changes will allow students who are seamlessly entering the MSAT program from internally and from partner institutions to transfer the first 27 credits back to their undergraduate degree.

Cooperative Course Approval (If Applicable)

Statement of Purpose

Co-operative programs are based on one or more of the following criteria:

- **Strengthen the academic program** -- by providing access to complementary or unique program components (faculty, facilities, or other program related information or materials).
- **Support partnerships** -- funded research/grants.
- **Provide efficiencies** -- resource and/or fiscal efficiencies that would not otherwise be available.

Is this a request to add or drop cooperative status with this course:

Rationale for approval of this request; given the above statement of purpose how does this request support the outlined criteria:
