Request that your official scores be sent to the University of Idaho Graduate Admissions Office (school code FKX-34-58) and include a photocopy of your score report in the application packet. Your GMAT needs to be taken within the last five years.

TRANSCRIPTS

One sealed copy of official transcripts from all colleges and/or universities previously attended are required. Contact the school(s) you attended and request that your transcripts be sent directly to the UI Graduate Admissions Office. In the case of international applicants, if the original language of the academic record and diploma is not English, a certified English translation must also accompany the original document.

International Applicants

An international applicant is anyone who is not a U.S. citizen or permanent resident of the U.S. at the time of the application. Proficiency in the English language is vital to the academic success of international students. Information about the English Proficiency requirement can be found at: ***http://www.uidaho.edu/graduateadmissions/requirements/internationaladmissionsrequirements/languagerequirements.***

If you are an international student, you may not be eligible to apply to the University of Idaho Executive MBA Program.

The F-1 student visa is not available to international students who are in the classroom for less than nine hours per week. The EMBA course is 30 classroom hours per month. The F-1 student visa is very regulated, and the University has no course of action around the regulations.

Business visas are not an option because under the business visa, one would not be allowed to "pursue a course of study." The business visas only allow for six months in the country, and it would be difficult to get a business visa renewed for two years.

H-4 visa holders are dependents, and cannot work or receive scholarships. However, H-4 visa holders are welcome to pursue any course of study, and may apply to the Executive MBA program. A TOEFL score will be required by Graduate Admissions, and documents will need to be translated into English. They suggest ***Transcripts & Academic Credentials*** or ***Translations of Transcripts***. For additional information on what to submit and how to submit international transcripts and documents, please visit ***http://www.uidaho.edu/graduateadmissions/applynow/transcripts/international-degrees/***
