

Sara Szobody - Digital Archivist

11 October 2023

Sara was able to unearth a UI budget document from 1972 that helped us respond to an inquiry about General Education funding and how it has evolved over the decades. We never would have found this without her help and she not only found the document but had it scanned and emailed to us the same day. Sara saved the day!

Kevin Dobbins- Digital Labs Manager

24 October 2023

Kevin in CDIL comes to the rescue of not only the U of I Library Special Collections and Archives department, but departments across the Library and campus in general. He's a great team player and someone you can count on. YOU ROCK KEVIN!

Klytie Xu - Digital Projects Manager

24 October 2023

Klytie in CDIL is a fantastic person to work with. She's helpful on any project, big or small. She put tons of time and effort into making U of I Library digital collection available and accessible, and her work is notice and appreciated! YOU ARE A STAR!

Ann Ulliman and Ray Pankoph - CAAD Center Manager and Director of AES

26 October 2023

Ann and Ray have been imperative support for the UI Risk unit in sharing their great wealth of knowledge and documentation on the projects AES has completed to improve our structures and or the area that we all see as our campus. Their information has helped us address questions from underwriters, insurers, adjustors, and State Risk. They do all this work with speed and a smile. I can't thank them enough for being such fabulous Vandal partners. You two are awesome in my book.
