Cross or Joint-Listed Course? (What course(s) will be or is this offering; Cross or Joint-Listed too? Note: cross-listing with another department requires their written consent.)		

Additional Comments: (Anything not covered elsewhere on the form.)	

Rationale for changing this course: (Explain why the above course is being changed. Explain the departmental/college/university impact changing this course will have. How does this course fit within the University's Strategic Goals? Explain any other financial/resource impact changing this course will have such as needing additional library, media or classroom resources. Include details on graduate level requirements if this is a proposed joint-listed course.)
PEP 484 is taken in concert with a student's semester of internship or student teaching and ED 430 and ED 431 are no longer offered. Music and AG Ed do not take EDCI 401. This change will bring the catalog up-to-date with current courses offered as co-requisite with students' internships or student teaching experiences.
