Rationale Information

Rationale for approval of this request:

1. P. 126. Changed title of PEP 133 to read *'Skill and Analysis of Golf, Archery and Field Sports'.* The title will better reflect the content being taught in the class. Softball as well as other field sports like lacrosse, ultimate frisbee and football are now included in the content to meet the needs expressed by seniors and alumni.
2. P 126-27. Grouped all skill courses together so that it is easier to follow
3. P. 127. *Drop PEP 243 Recreation Activities* because both this class and Rec 125 is being changed with an increase of total 2 credits. PETE cannot add 2 more credits to their program.
4. P. 127. Add *1 cr* more from 2 to 3 cr for *Rec 125 (3 cr)* because Rec faculty are requesting a change in content for this class that necessitates an increase of a credit.
5. P. 127. Add *PEB 106 Wt. Training and Conditioning* to Skill courses sequence because graduates have identified a need to gain these skills more formally. PETE faculty want the students to take the course from a CSCS certified instructor.
6. P. 127 Add *H&S 245 Introduction to Athletic Injuries* to Foundation courses to meet state standards in PETE.
7. P. 127. Change Pedagogy Courses description to *'8 out of 13'* credits so that this will encourage students to get their skill content before they get to the pedagogy sequence.
   -Added term *'movement'* to be more inclusive of the courses they need to take before the pedagogy sequence.
   -Added *PEP 380* to the list to ensure they take this course before the pedagogy sequence.
8. P. 127. Add *EDCI 453* since it is now required as part of the College of Education requirements.
9. P. 127. Add the statement to Note: section at the end to read *'…..Acceptance into PEP 484 requires successful completion of Praxis II in Physical Education and advisor recommendation.'* to ensure that the student has

passed the Praxis II for Physical Education and that the advisor, after seeing them in practica assigned to the methods courses, believes the student has skills to be successful in the internship.

10. P. 59. The PE major is not found listed in the catalog under the list for 45 cr teaching majors because the majors on this list are housed in the Dept. of Curriculum and Instruction (however the PE minor is listed under Dept of C&I).~~probably because it is implied there is a PE major in the Academic majors above.~~ The PETE committee ~~think~~feel that this may impact recruitment and that most potential students will be looking at the list and not see PE major. ~~(however the PE minor is listed).~~ We would like to list the ~~ask for a catalog change and add *Physical Education* to the *45 cr Teaching Major list*.~~ Physical Education Teaching major and Physical Education Teaching minor under the B.S. Ed degree in Physical Education to enhance visibility of this major and minor for recruitment purposes.
