# Interior Architecture & Design

designing places. inspiring lives.

Idaho's only CIDA-accredited Bachelor of Interior Architecture & Design (B.I.A.D.) program prepares you for a vibrant future as a professional interior architect and designer. The program blends intensive studio experiences, rich classroom content and hands-on practice with personal faculty guidance and collaborative learning opportunities on and off campus. You'll graduate with the relevant and highly sought-after specialized training, creative skills and confidence you need for a successful career designing meaningful interior spaces and places.

As an interior architecture and design student, you are both a storyteller and dream maker: you will explore a wide range of design scenarios, creative problem-solving processes and analytical and artistic techniques that will prepare you for professional practice in a variety of commercial, corporate and residential settings. You'll master the ability to create resilient, compelling, functional and beautiful structural interior places that positively influence the way people live, work and play.

## UNIVERSITY OF IDAHO B.I.A.D. INTERIOR ARCHITECTURE & DESIGN AND MINOR IN ARCHITECTURE

\* Meets U of I General Education Requirements. Students must complete 36 General Education credits.

(H), (I), (AD) and (Capstone) indicate that the course fulfills general education requirements for the humanities, international studies, American diversity and Capstone, respectively.

\*\*\* Students must take BOTH Arch 385 and Arch 386 to obtain a minor in Architecture. If a minor in Architecture is pursued, only one of these courses count towards major credits.

A "C" or above is required for successful completion of all IAD studio courses and is required to move forward to the next level.

Students who begin their college studies at the U of I must complete the U of I Core Requirements for the catalog year in which they were admitted.

Co-ops and internships are strongly advised. Study abroad and other minors and certificates are also encouraged with advisor consultation.

Students have the option of seamless master degree in architecture, or other allied fields following conclusion of undergraduate degree.
