Lenovo offers a comprehensive portfolio of value-added services that support the full lifecycle of your Lenovo assets from procurement to disposition. Our award-winning service experience can optimize the productivity and user satisfaction by reducing downtime, and enabling you or your IT staff to focus on your business critical issues.

ADP: Lenovo's Accidental Damage Protection protects your investment from operational or structural damage due to common accidents like:

- Drops
- Spills
- Electrical surges
- Failure of the integrated screen

This fixed cost, fixed term protection plan minimizes unexpected repairs for predictable budgeting, and provides significant savings relative to the cost of non-covered repairs.

Lenovo guarantees that systems will be repaired with qualified Lenovo parts. If the system is not damaged beyond repair, the end users' PC is returned to them after being restored by certified Lenovo technicians. If repair is not possible, the entire system will be replaced at no additional charge.

When you use technology for your most important operations, you need to feel confident that when problems occur someone will work to correct them promptly. And you need a services provider who will stand by its hardware by providing the coverage you need, when you need it. With a Lenovo Warranty Service Upgrade ThinkPlus, you can upgrade the service included with your hardware's original warranty. We're here when you need us, 24 hours a day, every day. If we can't fix your problem over the phone, we'll schedule repair services, send a replacement for a failing component, or perform an equipment exchange according to your level of service coverage. In each case, coverage for parts and labor is included. Warranty Service Upgrades can be purchased along with the hardware product or at any time during the initial base warranty period. The service period begins with the equipment date of purchase. Service is only available for non-refurbished machines released and purchased in the United States.

Easy Activation Activation is easy for both single-unit and large-volume sales. You need
to activate or register the service upon purchase via online or phone.
