Office of Technology Transfer Recognizes Innovators, Stimulates Economy

Taxes, regulations, legal jargon and a tough economy make it difficult to translate even the best business ideas into cash. But this week, the University of Idaho celebrated the successes of one of its own – John Shovic, chief technology officer of Coeur d'Alene-based InstiComm, LLC. Shovic was honored with the Outstanding Alumni Innovator Award for more than 26 years of business success that relied on moving innovative ideas from academia to the market. [Read more.](#)

U-Idaho to Celebrate Annual Farmworker Awareness Week and Cesar Chavez Day

The University of Idaho will celebrate Farmworker Awareness Week March 26-31, culminating in a celebration of Cesar Chavez Day on Saturday, March 31. Farmworker Awareness Week raises awareness on college and university campuses across the United States, as well as in communities, of farmworker issues. It also focuses on the issues surrounding women farmworkers. The national awareness week is celebrated during the week leading up to Cesar Chavez's birthday on March 31.

Legislative Update: Session Continues With Rangeland, Gift, Budget Issues

Lawmakers had hoped to end the sessions and head home by last weekend, but the past week kept them very busy and the session will continue into this week for at least another few days. The University of Idaho had interest in several bills before legislators this past week. The bill called the Rangeland Center Bill that codifies the University of Idaho Rangeland Center at the College of Natural Resources, passed by a vote of 56-12 out of the House of Representatives on Monday, March 19. The Senate passed the bill earlier in the legislative session. [Read more.](#)

U-Idaho Sustainability Center Joins Forces With Office of Community Partnerships

This year has been busy for both the University of Idaho Sustainability Center and the Office of Community Partnerships (OCP). Provost and executive vice president Doug Baker approved the merger of the two organizations. Under OCP's umbrella, the Sustainability Center will maintain its identity, student leadership-orientation and its wide range of student activities. [Read more.](#)

Academic Advising: Critical Changes for 2012-2013

There are major changes starting this summer that will affect student course registration, drop deadlines, cooperative course enrollment and degree planning. All advisers are encouraged to attend one of these sessions in preparation for pre-registration advising and Vandal Friday. Topics will include: changes to Regulation C (add/drop deadlines) affecting all students, new procedure for cooperative (UI/WSU) course registration, appropriate math placement, adjusting course load for degrees changing to 120 credits and important updates from around campus. Please attend one of the following: Tuesday, March 27, 9-10 a.m., SUB Gold Room or Thursday, March 29, 9-10 a.m., SUB Gold Room.

Turning of the Wheel - The University of Idaho Olmsted Brothers Master Plan: Historical Process and the Creation of Place

This Humanities Exploration Colloquium Talk will be presented by Stephan Drown, chair and professor of landscape architecture on March 27 at 12:30 - 1:30 p.m. in the Whitewater Room, Commons. Learn office etiquette and work ethic that will give your new boss a great first impression and provide you with the skills and strategies to sail through your evaluations with excellence on March 27 at 3:30 p.m. in the Commons Crest Room. This workshop will also help you know how to build and maintain a positive work environment with your co-workers and management.

Retirement Reception: Jody Sharp

A retirement reception to celebrate Jody Sharp's new journey and 21 years of service to the College of Education will occur Tuesday, March 27, at 4-5 p.m. in the Education Conference Room 301.

Jasmine Hankey, Saxophone and Chelsae Linehan, Euphonium

Jasmine Hankey, saxophones, and Chelsae Linehan, euphonium, will perform a student recital with Kay Zavislak, piano, Erik Jansen, piano, and Kimberly Warner, piano, on March 27 at 7:30 p.m. in

Haddock Performance Hall.

In memory: George Roberts

George Roberts, 84, professor emeritus of the department of art at the University of Idaho, passed away in Moscow, Idaho on March 11, 2012. Friends, colleagues, and former students are invited to celebrate his life on April 7, at 3 p.m., at the University Inn-Best Western Palouse/Washington Rooms, in Moscow. George (fondly known as "Bugs") grew up in Madison, Wis. and graduated from the University of Wisconsin-Madison. He came to the University of Idaho department of art in 1957 and retired there in 1992. He taught sculpture, ceramics and drawing and also served as department chair from 1963-1977. He received many awards for his art including the Governor's Award and Medal of Excellence. George was a Danforth Fellow and a recipient of the University of Idaho Outstanding Teaching Award. Although a prolific artist, George will be remembered most fondly for his great kindness, robust sense of humor, twinkling eyes under massive brows and the sweet odor of his ever-present pipe. All those who were fortunate enough to know and learn from George will miss his powerful observations, wonderful stories and generous spirit. Friends are encouraged to bring their stories of George as well as their own art portraying George or art that George produced to share. Donations in George's memory may be made to the George Roberts Endowment through the University of Idaho Foundation.

Putting It Together: Behind the Scenes at The Argonaut

The Argonaut is a familiar sight on campus and around town. But how many of us know what it takes to produce this paper on a bi-weekly basis? The 10-page Argonaut paper is published every Tuesday and Friday. And each publication has a myriad of challenges and deadlines, requiring students to be in tune to the campus and community life. Add a full load of student classes to those requirements—and it's clear it takes some serious dedication to be a part of this paper. [Read more.](#)

University of Idaho Cyberinfrastructure Day

The University of Idaho will celebrate Cyberinfrastructure Day March 29, from 1 - 5 p.m. in the Horizon Room in the Commons. The day celebrates research and the infrastructure necessary for research to grow and flourish at the University of Idaho. What is cyberinfrastructure (CI)? CI is the collection of instruments, hardware, software, networking, computing, policies, and people necessary to provide tools and services that enable researchers and others to find, access, share, analyze, visualize, and preserve research data. Why is CI important? Discovering solutions to many of the world's problems will requires collaboration across disciplines and institutions, involving large complex research datasets. Agenda: 1 p.m. Panel Discussion- Data-intensive Research and Cyberinfrastructure at U-Idaho, 2 p.m. Data Management Planning Workshop, 3 p.m. Northwest Knowledge Network Update and Information Session, 4 p.m. IT Support for Cyberinfra-structure at U-Idaho.

Mathematics Colloquium: Enrico Au-Yeung (University of British Columbia)

Mathematics Colloquium, presented by Enrico Au-Yeung, University of British Columbia, titled, "Quasicrystals and Impossible Symmetry: three streams of mathematics converging," will occur March 29 at 3:30 p.m. in TLC 032. **ABSTRACT:** The recent Nobel Prize in chemistry was awarded to Dan Shechtman for his discovery of Quasicrystals in 1982. But long before 1982, mathematicians were playing around with these objects. Roger Penrose was thinking of Penrose tiling of the plane, Yves Meyer was thinking of Meyer sets in connection to harmonic analysis, and Delaunay was thinking about sets that are named after him in the triangulation of the plane. All these three streams of mathematics converge and they pre-dated the actual discovery of quasi-crystals in nature. Why? Because such mathematical objects must be beautiful to study to begin with. In this lively and entertaining talk, I will make the mathematics behind quasi-crystals highly accessible to a wide audience. I will discuss different formulations for such objects with unusual symmetry, provide some motivation, and show that some of the different formulations are equivalent.

Faculty-Led Study Abroad Grant Opportunity and Information Session

Have you ever wondered how you can take your unique set of skills and apply them to leading a class of students abroad? This information session on March 29 from 5 -6 p.m. in the Commons Clearwater Room will give you an overview of what the Faculty-Led Study Abroad Program (FSAP) process looks like at the University of Idaho, and what you can do to get started with the creation of your own program. We will also officially be announcing a grant opportunity that will assist in defraying the costs associated with FSAP development. Fellow faculty members will be present to help shed their unique insight on the process, and hors d'œuvres will be served. Bring along any faculty members that you know that may also be interested in this unique opportunity. Please either RSVP at

colton@uidaho.edu, or just show up at the door.

Sarah Dramstad, Saxophone
