Franklin H. Pitkin Scholarship

In February 1983, a scholarship endowment was established to memorialize Frank Pitkin's many years of service to the University of Idaho. Frank served as nursery manager from 1939 to 1979 and managed the UI Experimental Forest from 1972 to 1979. The intent of this scholarship is to help students interested in nursery and greenhouse management or forest regeneration by providing financial support and hands-on training.

If you would like to contribute a tax-deductible donation to this scholarship, please mark the designated spot on the orderform.
