Some other helpful information:

The “EPAF”

The “Electronic Personnel Action Form” (EPAF) is what Banner uses to recognize you as an employee at the University of Idaho, and is created by your department after employment paperwork is received. Almost everything at the UI is dependent on your EPAF. You will need an EPAF to be paid, to access Vandal Web, to sign up for training, and to access other programs necessary to do your job. Any EPAF questions can be directed to your supervisor.

VandalWeb Access

VandalWeb is accessible once your EPAF has been applied. In VandalWeb you can update your employee information, submit and review your W4 and Direct Deposit information, view pay stubs and work history, and check your leave balances. You can access the Benefits web portal, and if applicable, work on specific administrative tasks. If you are enrolled as a student, your student information will be found here as well. As a board appointed employee, you can log in using your network ID and password, that was established with ITS on your first day.

Banner

Banner is the university’s administrative system. If Banner access is necessary in your new position, Banner Navigation training is required before you can sign up for other Banner classes. You can take Banner Navigation training online at: https://www.uidaho.edu/pdl_portal/bannertraining. Once your EPAF has been applied, and Navigation training is complete, you will be able to sign up for other Banner classes through the Banner training portal on the PDL homepage: <https://www.training.uidaho.edu/traintrack/main.asp>. To access the portal, use your regular username and log-in information that you set up with ITS. If you have questions about Banner training, please contact Professional Development and Learning at 885-2322

Other training

Other learning opportunities are frequently available through the Professional Development and Learning website: http://www.uidaho.edu/pdl_portal

Payroll

The University of Idaho pays employees on a delayed, biweekly schedule, therefore you will not receive your first paycheck for 3-4 weeks after your start date. Check with your supervisor as to what type of time entry or leave reporting applies to your new position. You can access your timesheet and complete W4 and Direct Deposit set up in VandalWeb under the “Employee Information” tab, after your EPAF goes through. For information and FAQs, please visit the Payroll Services webpage: <http://www.uidaho.edu/payroll> or contact them by email at payroll@uidaho.edu or by phone at 208-885-3868.

Benefits

Retirement, medical, dental, vision and life insurance policies are covered in-depth during your Benefits Orientation. You are covered on the first day of the month after your start date, unless your start date is on the first, in which case your benefits begin on your start date.

After your EPAF has been applied, our third party benefits administrator is notified that you are a new UI employee. This triggers an email sent to your UI email address with a welcome packet that contains your coverage options. Once you receive your packet you will be able to log in to VandalWeb and make your benefit selections through the myBenefits link under the “Employee” tab. If you have questions, please contact benefits@uidaho.edu or call 208-885-

Please review all of the benefit selections at <http://www.uidaho.edu/benefits>. The University offers much more than just standard medical, dental, and vision insurance. Wellness options, financial tools, an employee assistance program, the Children's Center, and much more is offered in addition to the core benefits.
