What is Disability Support Services?

At Disability Support Services (DSS), our goal is to provide services and support to ensure that students are able to access and participate in the opportunities available at the university. In keeping with this objective students are expected and encouraged to utilize the resources of DSS to the degree they determine necessary. Although a significant degree of independence is expected of students, DSS is available to assist, should the need arise.

What services are available?

The following services are available but not limited to:

Deaf Services

 Interpreters, captionists, assistive listening devices

Alternative Text

• Alternatives to standard printed text

Notetaking

Testing Accommodations Assistive Devices

 Assistive listening devices, audio recorders, Braille labelers, microphones, headsets, AC/DC adapters, slate & stylus

Assistive Technology

- Specialized software, hardware, peripherals available in AT labs
- Training available upon request

Learning Disability and ADHD/ADD Services

- Academic coaching
- Basic academic skill development
- Support with transition issues and problem management
- Advocacy and referrals to campus and community resources

Need Accommodations?

Register with Disability Support Services:

- Contact Disability Support Services and schedule an appointment to meet with a DSS Provider
- Provide appropriate documentation of disability
- An Accommodation Checklist will be completed during the appointment
