LETTER OF INTRODUCTION

Dear Vandals,

The University of Idaho cares deeply about your academic, emotional and physical welfare. We offer an integrated network of services through the Student Health Clinic, Student Health Pharmacy, the Counseling and Testing Center, and the Student Health Insurance Program (SHIP) to assist you. While these are all separate entities, they have been designed to complement each other. Please review the plan benefits outlined in this brochure that are available to SHIP insured students who use the UI Student Health Clinic and Student Health Pharmacy for their medical needs.

The Idaho State Board of Education requires all university students to carry health insurance as a condition of enrollment. The University of Idaho has contracted with UnitedHealthcare Insurance Company to offer a high quality student injury and sickness plan for students who are not otherwise enrolled in family health insurance plans. This brochure contains benefit design information to help you choose the most effective health insurance to meet your individual needs. In some instances, because of the negotiating position of the university, SHIP coverage may even be a better value than your current health insurance.

SHIP is designed to provide coverage for medical care, hospital and surgical expenses, prescription medications, and mental health care. All degree seeking students enrolled for 4 or more credits on the Moscow campus; OR 8 or more credits at one of the UI Centers are required to participate in the student injury and sickness plan unless they certify that they are currently covered by an insurance plan that meets the standards on the SHIP Waiver Form by the applicable deadline. Additional information regarding the insurance requirement, special circumstance SHIP enrollment and waiver processes, and deadline dates are available at www.health.uidaho.edu/SHIP.

The Student Health Clinic and Student Health Pharmacy provide on campus health services to ANY University of Idaho student enrolled for at least one credit (access fees may apply for part-time students and dependents). Students do NOT need to participate in the SHIP to access their services.

We wish you the very best and are eager to provide you with high quality service and assist you as you pursue your academic goals.

Sincerely,

Gregory A. Tatham

Assistant Vice Provost for Student Affairs

NON-DISCRIMINATION POLICY

The information in this brochure does not constitute a promise of benefits from UnitedHealthcare Insurance Company, the University of Idaho, or Moscow Family Medicine.

The University of Idaho has a policy of nondiscrimination on the basis of race, color, national origin, religion, sex, age, disability, or status as Vietnam –era veteran. This policy applies to all programs, services, and facilities, and includes, but is not limited to, applications, admissions, access to programs and services, and employment.

Such discrimination is prohibited by titles VI and VII of the Civil Rights Act of 1964, title IX of the Educational Amendments of 1972, sections 503 and 504 of the Rehabilitation Act of 1973, the Vietnam Era Veterans' Readjustment Assistance Act of 1974, the Age Discrimination Act of 1975, the Age Discrimination in Employment Act Amendments of 1978, the Americans with Disabilities Act of 1990, the Civil Rights Act of 1991, and other federal and state statutes and regulations. Questions and concerns about the application of these laws and regulations may be directed to the UI Human Rights Compliance Office, 208-885-4212; director of the Office for Civil Rights, U.S. Department of Education; or to the director, Seattle Area Office, Office of Federal Contract Compliance Programs, U.S. Department of Labor.

WAIVER POLICY

The Idaho State Board of Education requires proof of valid health insurance as a condition of enrollment. This policy is mandatory for all Idaho public universities and colleges and applies to all degree-seeking undergraduate and graduate students physically enrolled for classes or completing other required degree work within the state of Idaho.

All degree-seeking students enrolled for four (4) credit hours on the Moscow campus OR eight (8) credit hours at the UI centers are required to participate in the University sponsored health insurance program, unless proof can be provided that a student has comparable outside health insurance coverage that is valid as of August 22, 2011 for Fall semester, or January 11, 2012 if you are waiving in the Spring semester. Proof must be submitted by the applicable waiver deadline (see Chart on page 3). **No waivers will occur after the first 30 calendar days of class during any semester unless approved through the Late Waiver Policy available at www.health.uidaho.edu/SHIP.**

Students are **AUTOMATICALLY** billed for the SHIP on their tuition bill if they have not submitted a waiver request (under the heading of "Medical Insurance"). For those students who have outside coverage, it is their responsibility to complete a "waiver form" by the deadline listed in order to have the insurance charge removed from their tuition bill. You may change your selection at any time **PRIOR** to the applicable deadline date.

To improve the waiver process, the University has developed an easy online waiver submission process for U.S. citizens over 18 years of age by going to www.health.uidaho.edu/SHIP. Once submitted, your waiver form will be verified for accuracy and audited to determine if it is approved as meeting the University waiver standards. Students under 18 years of age should print the waiver form from www.health.uidaho.edu/SHIP, complete, sign and submit it to the SHIP Office by the applicable deadline. Non-U.S. Citizens, see the "International Students" sections of this brochure on pages 3 and 5.

WAIVER POLICY (continued)

Health Insurance waivers are only valid for one academic year. Continuing students are required to complete a new waiver **ANNUALLY** prior to each Fall semester. Students with a break in their academic enrollment are required to complete a new waiver when they re-enroll and every Fall semester thereafter.

Domestic and International Undergraduate and Graduate Students

PERIOD	BEGINNING	THROUGH	WAIVER DEADLINE
Fall	08/22/2011	01/10/2012	09/08/2011
Spring/ Summer	01/11/2012	08/19/2012	02/07/2012
Summer (New Students Only)	05/14/2012	08/19/2012	10 working days after class registration

International Students

International and American Language and Culture Program (ALCP) students and their dependents must contact the International Programs Office (IPO) to complete a separate new waiver when they enroll dependents. To obtain this waiver form, please visit the IPO at 901 Paradise Creek Street, LLC Building #3, Ground Floor, or the IPO Web site at <http://www.uidaho.edu/international/issfs/f1status/f1info/Health%20Insurance>.

If the student has chosen to purchase another insurance plan that meets all requirements, the insurance must be in effect and approved **BEFORE** classes begin for the semester/session and must remain in effect with no policy lapses for every day the student remains in the U.S. as a UI student including during summer break. If the student fails to maintain the comparable insurance, they will be required to purchase SHIP with possible penalty fees.

Audits of Student Waivers

The University of Idaho will conduct audits of student health insurance waivers to verify the existence of adequate personal health insurance coverage. Students who are discovered to be uninsured or to have insurance that does not meet the minimum requirements will be enrolled in SHIP for the semester of audit to comply with the SBOE policy requiring valid health insurance as a condition of enrollment.

PROOF OF INSURANCE CARDS

The Student Health Insurance Program does not send health insurance cards unless requested. A proof of insurance card will be e-mailed to your official University e-mail account when requested through the link at www.health.uidaho.edu/SHIP.

STUDENT HEALTH INSURANCE PLAN

This brochure is designed to acquaint students and other interested parties with the medical services available, cost of the plan, limitations and exclusions to the services offered. We ask that you read it carefully so that you will know the extent of medical services and insurance benefits you can expect.

The insurance becomes effective for a student as provided in the policy and explained in this booklet.

The description in this brochure is generalized information. A portion of the Student Health Insurance Program (SHIP) is underwritten by UnitedHealthcare Insurance Company. The master policy, Policy # 2011-353-1, provides a complete description of benefits, limitations, exclusions, definitions, and special provisions of the injury and sickness insurance coverage underwritten by UnitedHealthcare Insurance Company. It is available and on file with the University. A Certificate of Insurance may be downloaded and printed at www.health.uidaho.edu/SHIP. In all cases the contract with UnitedHealthcare Insurance Company is the document that will prevail, in accordance with the "Blanket" policy regulations of the State of Idaho. The policy is a non-renewable one year term policy.

Claims for Off-Campus Services should be submitted to AmeriBen at P.O. Box 7186, Boise, Idaho 83707. Correspondence concerning claims status, eligibility and benefits should be directed to AmeriBen at the above address or by calling 1-800-953-1801, reference the School's Group #0805014.

Internet courses must be taken in combination with on-campus courses to count toward eligibility. To remain eligible for SHIP (including dependent coverage), students must actively attend classes for at least the first 30 calendar days after the date for which coverage is purchased. This does not apply to students who have a university approved medical withdrawal through the Office of the Dean of Students.

Spring/Summer Semester (Includes Coverage for Summer Break)	\$712
Summer Session (For New Incoming Students Only)	\$389

Students in the final year for completion of a degree may purchase SHIP without a credit hour restriction. The student must be covered by the SHIP during the immediately preceding semester to qualify for this waiver of the credit hour requirement. Enrollment forms available at www.health.uidaho.edu/SHIP under SHIP FORMS.

Students who do not meet the credit hour requirements for eligibility because they are participating in an internship program through the University's Cooperative Education Office are eligible for participation in SHIP. Such students must be enrolled in SHIP in the semester immediately preceding the internship. Enrollment forms available at www.health.uidaho.edu/SHIP under SHIP FORMS.

ELIGIBILITY AND PREMIUM COST (continued)

Certain classes of graduate or undergraduate students who are not otherwise eligible may be approved for eligibility for SHIP. Contact SHIP Office for information.

Students taking an approved leave of absence from UI may request continuation in SHIP for a period not exceeding one academic semester. Such students must be enrolled in SHIP in the semester immediately preceding the period of absence. Spouses and dependents of such students are similarly eligible for coverage for the academic semester of absence. Students should contact the Office of the Dean of Students to obtain written approval for a leave of absence.

Refunds

Refunds will be made upon entry of any Insured Person into the Armed Forces. A prorated refund will be returned to such person upon request. Students enrolled in SHIP who withdraw from the University of Idaho for non-medical reasons during the first 30 calendar days of class during any semester or summer session are not eligible to continue in SHIP. Students must notify Student Accounts of such withdrawal and the entire cost of the coverage for that period will be refunded, including any dependent coverage. Such students, including any covered dependents, will not be entitled to any benefits and no claims will be honored. **No other refunds will be issued.**

Ineligible Students

Students who are board-appointed faculty or staff of the University of Idaho are not eligible for SHIP. Students enrolled only in correspondence study, non-credit courses (except international students), Internet courses, TV courses or continuing education courses are not eligible for SHIP. Any class of UI students and their dependents not specifically identified as being eligible for the SHIP in this brochure or at the SHIP website also are ineligible for participation in the SHIP.

International Students

International students and any students affiliated with a UI international program, as well as their dependents, are eligible for the SHIP. International students are required to purchase SHIP for themselves and their accompanying dependents, or provide evidence of comparable health insurance coverage that meets or exceeds the University of Idaho requirements. Any international student who has not purchased health insurance that meets these requirements is subject to sanctions up to and including disenrollment and fee penalties (see UI General Catalog).

International and American Language and Culture Program (ALCP) students and their dependents must contact the International Programs Office (IPO) to complete a separate waiver process or enroll dependents. To obtain this waiver form, please visit the IPO at 901 Paradise Creek Street, LLC Building #3, Ground Floor, or the IPO Web site at <http://www.uidaho.edu/international/issfs/f1status/f1info/Health%20Insurance>.

If the student has chosen to purchase another insurance that meets all requirements, the insurance must be in effect and approved BEFORE classes begin for the semester/session and must remain in effect with no policy lapses for every day the student remains in the U.S. as a UI student including during summer break. If the student fails to maintain the comparable insurance, they will be required to purchase SHIP with possible penalty fees.

American Language and Culture Program (ALCP) students and their dependents are subject to the same insurance requirements as other international students enrolled at the University of Idaho. Coverage may be provided on a monthly basis. The cost is 1.5 times the average annual monthly cost up to the maximum cost per semester. ALCP students and their dependent will be covered during the month(s) they are enrolled in the program, provided coverage is purchased prior to or during the month(s) of attendance.

DEPENDENT COVERAGE AND PREMIUM COST

Students who enrolled in the SHIP Program also may enroll eligible dependents. Eligible dependents include the student's spouse (except in the event of divorce or annulment) and unmarried children under the age of 26 who receive more than one-half of their financial support from the parent. A complete definition of eligible dependents is available in the "Definitions" section of this brochure. Dependent eligibility expires concurrently with that of the Insured student.

Newborn Children

In the event of the birth of a child to an Insured student while the student's health plan is in force, that child will automatically be covered from the moment of birth. Coverage will continue without cost for 60 days. If the student wants continuing coverage for the newborn after 60 days, enrollment and payment of premium must be made within the first 60 days, or the coverage will terminate for that child at the end of the 60 day period. Dependent enrollment forms are available at www.health.uidaho.edu/SHIP under SHIP FORMS.

* Health Insurance Premium per Semester for Dependents (in addition to the Student Premium)

	Fall	Spring/Summer	Summer
Spouse	\$1,694.50	\$1,694.50	\$929.00
Each Child	\$1,026.00	\$1,026.00	\$562.00

* Dependent coverage will not be effective prior to that of the insured student or extend beyond that of the insured student

EARLY ENROLLMENT

Students, including international, and their qualified dependents who are required to be on campus or participate in a university-sponsored or university-affiliated activity before the effective date of coverage of this plan should contact the SHIP Office at 208-885-2210 or health@uidaho.edu for additional information.

LATE ENROLLMENT

Qualified Late Enrollees

Students who involuntarily lose employer-sponsored health insurance or Medicaid after the Open Enrollment deadline may enroll in SHIP within 30 days of the date of loss of their previous coverage. Documentation of the involuntary loss of coverage must be provided to UI's SHIP Office. Forms are available at www.health.uidaho.edu/SHIP under SHIP FORMS.

Students enrolled in any Study Abroad program should note that loss of health insurance provided by the Study Abroad programs upon return to the UI, is not an involuntary loss of health insurance. Students studying abroad for one semester will not be allowed to purchase the SHIP insurance upon return if they waived their health insurance for the previous semester, unless their return to UI is during an Open Enrollment Period.

For students and dependents purchasing coverage on a prorated basis the cost of coverage will be the average monthly cost, up to the maximum cost per semester. The full monthly cost of coverage is charged even if only one day of the month is needed for coverage.

LATE ENROLLMENT (continued)

Unqualified Late Enrollees

Students discovered to be without adequate health insurance will be enrolled as an Unqualified Late Enrollee to comply with the SBOE policy requiring valid health insurance as a condition of enrollment. Unqualified late enrollees are subject to a pre-existing condition exclusion. Pre-existing condition means a condition, whether physical or mental, regardless of the cause of the condition, for which medical advice, diagnosis, care or treatment was recommended or received during the six (6) months immediately preceding the Insured's Effective Date under the policy. Pre-existing Conditions are excluded, except for individuals who have been continuously insured under the school's student insurance policy for at least six consecutive months. The pre-existing Condition exclusionary period will be reduced by the total number of months that the Insured provides documentation of continuous coverage under Qualifying Previous Coverage that was in force within 63 days prior to the Insured's Effective Date under this policy (this applies to Unqualified Late Enrollees (ULE) only). Students who knowingly falsify their health insurance information may be subject to sanction under the Student Code of Conduct.

The Student Health Insurance Program does not send health insurance cards unless requested. A proof of insurance card will be e-mailed to your official. University e-mail account when requested through the link at www.health.uidaho.edu/SHIP.

IMPORTANT NOTICE

Federal regulations permit the time you are on the The University of Idaho Student Health Insurance Plan to be counted as credit towards satisfying Pre-Existing Condition clause in future health insurance plans you may participate in after you leave The University of Idaho. These regulations provide that, when your college sponsored plan terminates (for example, your academic studies at The University of Idaho are completed, or your eligibility under this plan ends, or you waive out of this plan with proof of outside insurance coverage), you are eligible to receive a certificate showing the amount of time you were covered under the College policy. You will not automatically receive a certificate upon termination under this Plan. To obtain a certificate, please call AmeriBen at 1-800-953-1801. Specify whether the certificate is for you, or your Dependents (give names and SSN of Dependents for who a certificate is requested).

PRIVACY POLICY

We know that your privacy is important to you and we strive to protect the confidentiality of your non-public personal information. You may view or print a copy of this notice at www.health.uidaho.edu and clicking on HIPAA Notice of Privacy Practices for Personal Health Information. We do not disclose any non-public personal information to our customers or former customers, or to anyone, except as permitted or required by law. We believe we maintain appropriate physical, electronic and procedural safeguards to ensure the security of your non-public personal information. You may obtain a copy of UnitedHealthcare Insurance Company's privacy practices by calling them at 1-800-767-0700 or visiting them at www.uhcsr.com

MASTER POLICY

Please keep this Brochure as a general summary of the insurance. The Master Policy on file at the college contains all of the provisions, limitations, exclusions and qualifications of your insurance benefits, some of which may not be included in this brochure. The Master Policy is the contract and will govern and control payment of benefits.
