Notice Regarding Your Student Health Insurance Coverage

Your student health insurance coverage, offered by UnitedHealthcare Insurance Company, may not meet the minimum standards required by the health care reform law for restrictions on annual dollar limits. The annual dollar limits ensure that consumers have sufficient access to medical benefits throughout the annual term of the policy. Restrictions for annual dollar limits for group and individual health insurance coverage are \$1.25 million for policy years before September 23, 2012; and \$2 million for policy years beginning on or after September 23, 2012 but before January 1, 2014. Restrictions on annual dollar limits for student health insurance coverage are \$100,000 for policy years before September 23, 2012 and \$500,000 for policy years beginning on or after September 23, 2012 but before January 1, 2014. Your student health insurance coverage puts a policy year limit of \$1,000,000 that applies to the essential benefits provided in the Schedule of Benefits unless otherwise specified. If you have any questions or concerns about this notice, contact Customer Service at 1-800-953-1801. Be advised that you may be eligible for coverage under a group health plan of a parent's employer or under a parent's individual health insurance policy if you are under the age of 26. Contact the plan administrator of the parent's employer plan or the parent's individual health insurance issuer for more information.

NON-DISCRIMINATION POLICY

The information in this brochure does not constitute a promise of benefits from UnitedHealthcare Insurance Company, the University of Idaho, or Moscow Family Medicine.

The University of Idaho has a policy of nondiscrimination on the basis of race, color, national origin, religion, sex, age, disability, or status as Vietnam-era veteran. This policy applies to all programs, services, and facilities, and includes, but is not limited to, applications, admissions, access to programs and services, and employment.

Such discrimination is prohibited by titles VI and VII of the Civil Rights Act of 1964, title IX of the Educational Amendments of 1972, sections 503 and 504 of the Rehabilitation Act of 1973, the Vietnam Era Veterans' Readjustment Assistance Act of 1974, the Age Discrimination Act of 1975, the Age Discrimination in Employment Act Amendments of 1978, the Americans with Disabilities Act of 1990, the Civil Rights Act of 1991, and other federal and state statutes and regulations. Questions and concerns about the application of these laws and regulations may be directed to the UI Human Rights Compliance Office, 208-885-4212; director of the Office for Civil Rights, U.S. Department of Education; or to the director, Seattle Area Office, Office of Federal Contract Compliance Programs, U.S. Department of Labor.

WAIVER POLICY

The Idaho State Board of Education requires proof of valid health insurance as a condition of enrollment. This policy is mandatory for all Idaho public universities and colleges and applies to all degree-seeking undergraduate and graduate students physically enrolled for classes or completing other required degree work within the state of Idaho.

All degree-seeking students enrolled for four (4) credit hours on the Moscow campus or eight (8) credit hours at the UI centers are required to participate in the University sponsored health insurance program or complete SHIP waiver by the applicable deadline.

To qualify for a waiver the student must be continuously covered under a comparable and verifiable health insurance plan for the entire semester (no termination or break). See the chart on page 3 for coverage dates and waiver deadlines. **No waivers will occur after the first 30 calendar days of class during any semester unless approved through the Late Waiver Policy available at www.health.uidaho.edu/SHIP.**

Students are **AUTOMATICALLY** billed for the SHIP on their tuition bill if they have not submitted a waiver request (under the heading of "Medical Insurance"). For those students who have outside coverage, it is their responsibility to complete a "waiver form" by the deadline listed in order to have the insurance charge removed from their tuition bill. You may change your selection at any time **PRIOR** to the applicable deadline date.

To improve the waiver process, the University has developed an easy waiver submission process for U.S. citizens over 18 years of age by going to www.health.uidaho.edu/SHIP. Once submitted, your waiver form will be verified for accuracy and audited to determine if it is approved as meeting the University waiver standards. Students under 18 years of age should print the waiver form from www.health.uidaho.edu/SHIP, complete, sign and submit it to the SHIP Office by the applicable deadline. Non-U.S. Citizens, see the "International Students" sections of this brochure on page 3 and 5.

Health Insurance waivers are only valid for one academic year. Continuing students are required to complete a new waiver **ANNUALLY** prior to each Fall semester. Students with a break in their academic enrollment are required to complete a new waiver when they re-enroll and every Fall semester thereafter.

WAIVER POLICY (continued)

Domestic and International Undergraduate and Graduate Students

PERIOD	BEGINNING	THROUGH	WAIVER DEADLINE
Fall	08/20/2012	01/08/2013	09/08/2012
Spring/ Summer	01/09/2013	08/25/2013	02/07/2013
Summer (New Students Only)	05/13/2013	08/25/2013	10 working days after class registration

International Students

International and American Language and Culture Program (ALCP) students and their dependents must contact the International Programs Office (IPO) to complete a separate waiver process when they enroll for classes. To obtain this waiver form, please visit the IPO at 901 Paradise Creek Street, LLC Building #3, Ground Floor, or the IPO Web site at: <http://www.uidaho.edu/international/issfs/f1status>.

If the student has chosen to purchase another insurance plan that meets all requirements, the insurance must be in effect and approved **BEFORE** classes begin for the semester/session and must remain in effect with no policy lapses for every day the student remains in the U.S. as a UI student, *including during summer break*. If the student fails to maintain the comparable insurance, they will be required to purchase SHIP with possible penalty fees.

Audits of Student Waivers

The University of Idaho will conduct audits of student health insurance waivers to verify the existence of adequate personal health insurance coverage. Students who are discovered to be uninsured or to have insurance that does not meet the minimum requirements will be enrolled in SHIP for the semester of audit to comply with the SBOE policy requiring valid health insurance as a condition of enrollment.

PROOF OF INSURANCE CARDS

The Student Health Insurance Program does not issue health insurance cards. A proof of insurance card will be e-mailed to your official University e-mail account when requested through the link at www.health.uidaho.edu/SHIP.

STUDENT HEALTH INSURANCE PLAN

This brochure is designed to acquaint students and other interested parties with the medical services available, cost of the plan, limitations and exclusions to the services offered. We ask that you read it carefully so that you will know the extent of medical services and insurance benefits you can expect.

The insurance becomes effective for a student as provided in the policy and explained in this booklet.

The description in this brochure is generalized information. A portion of the Student Health Insurance Program (SHIP) is underwritten by UnitedHealthcare Insurance Company. The master policy, Policy # 2012-353-1, provides a complete description of benefits, limitations, exclusions, definitions, and special provisions of the injury and sickness insurance coverage underwritten by UnitedHealthcare Insurance Company. It is available and on file with the University. A Certificate of Insurance may be downloaded and printed at www.health.uidaho.edu/SHIP. In all cases the contract with UnitedHealthcare Insurance Company is the document that will prevail, in accordance with the "Blanket" policy regulations of the State of Idaho. The policy is a non-renewable one year term policy.

Claims for Off-Campus Services should be submitted to AmeriBen at P.O. Box 7186, Boise, Idaho 83707. Correspondence concerning claims status, eligibility and benefits should be directed to AmeriBen at the above address or by calling 1-800-953-1801, reference the School's Group #0805014.

ELIGIBILITY AND PREMIUM COST (continued)

Refunds

Refunds will be made upon entry of any Insured Person into the Armed Forces. A prorated refund will be returned to such person upon request. Students enrolled in SHIP who withdraw from the University of Idaho for non-medical reasons during the first 30 calendar days of class during any semester or summer session are not eligible to continue in SHIP. Students must notify Student Accounts of such withdrawal and the entire cost of the coverage for that period will be refunded, including any dependent coverage. Such students, including any covered dependents, will not be entitled to any benefits and no claims will be honored. **No other refunds will be issued.**

Ineligible Students

Students who are board-appointed faculty or staff of the University of Idaho are not eligible for SHIP. Students enrolled only in correspondence study, non-credit courses (except international students), online courses, TV courses or continuing education courses are not eligible for SHIP. Any class of UI students and their dependents not specifically identified as being eligible for the SHIP in this brochure or at the SHIP website also are ineligible for participation in the SHIP.

International Students

International students and their dependents, are eligible for the SHIP. International students are required to purchase SHIP for themselves and their accompanying dependents, or provide evidence of comparable health insurance coverage that meets or exceeds the University of Idaho requirements. Any international student who has not purchased health insurance that meets these requirements is subject to sanctions up to and including disenrollment and fee penalties (see UI General Catalog).

American Language and Culture Program (ALCP) students and their dependents are subject to the same insurance requirements as other international students enrolled at the University of Idaho. Coverage may be provided on a monthly basis. The cost is the average annual monthly cost up to the maximum cost per semester. ALCP students and their dependent(s) will be covered during the month(s) they are enrolled in the program, provided coverage is purchased prior to or during the month(s) of attendance.

See page 3 for International Student Waiver Policy.

EARLY ENROLLMENT

Students, including international, and their qualified dependents who are required to be on campus or participate in a university-sponsored or university-affiliated activity before the effective date of coverage of this plan should contact the SHIP Office at 208-885-2210 or health@uidaho.edu for additional information.

LATE ENROLLMENT

Qualified Late Enrollees

Students who involuntarily lose employer-sponsored health insurance or Medicaid after the Open Enrollment deadline may enroll in SHIP within 30 days of the date of loss of their previous coverage. Documentation of the involuntary loss of coverage must be provided to UI's SHIP Office. Forms are available at www.health.uidaho.edu/SHIP under SHIP FORMS.

Students enrolled in any Study Abroad program should note that loss of health insurance provided by the Study Abroad programs upon return to the UI, is not an involuntary loss of health insurance. Students studying abroad for one semester will not be allowed to purchase the SHIP insurance upon return if they waived their health insurance for the previous semester, unless their return to UI is during an Open Enrollment Period.

For students and dependents purchasing coverage on a prorated basis the cost of coverage will be the average monthly cost, up to the maximum cost per semester. The full monthly cost of coverage is charged even if only one day of the month is needed for coverage.

DEPENDENT COVERAGE AND PREMIUM COST

Students who enrolled in the SHIP Program also may enroll eligible dependents. Dependent eligibility expires concurrently with that of the Insured student.

Dependent: Means the spouse (husband or wife) of the Named Insured and their dependent children under the age of 26. Children shall cease to be dependent at the end of the month in which they attain the age of 26 years.

The attainment of the limiting age will not operate to terminate the coverage of such child while the child is and continues to be both:

1. Incapable of self-sustaining employment by reason of intellectual disability or physical handicap;
2. Chiefly dependent upon the Insured Person for support and maintenance.

Proof of such incapacity and dependency shall be furnished to the Company:

1. By the Named Insured; and
2. Within 31 days of the child's attainment of the limiting age. Subsequently, such proof must be given to the Company annually following the child's attainment of the limiting age.
3. If a claim is denied under the policy because the child has attained the limiting age for dependent children, the burden is on the Insured Person to establish that the child is and continues to be handicapped as defined by subsections (1) and (2).

Newborn Children

In the event of the birth of a child to an Insured student while the student's health plan is in force, that child will automatically be covered from the moment of birth. Coverage will continue without cost for 60 days. If the student wants continuing coverage for the newborn after 60 days, enrollment and payment of premium must be made within the first 60 days, or the coverage will terminate for that child at the end of the 60 day period. Dependent enrollment forms are available at www.health.uidaho.edu/SHIP under SHIP FORMS.

* Health Insurance Premium per Semester for Dependents (in addition to the Student Premium)

	Fall	Spring/Summer	Summer
Spouse	\$1780	\$1780	\$1032

No benefits will be paid for expenses which are determined not to be a Medical Necessity, including any or all days of Inpatient confinement.

Preferred Allowance: Means the amount a Preferred Provider will accept as payment in full for Covered Medical Expenses. "Out-of-Network" providers have not agreed to any prearranged fee schedules. You may incur significant out-of-pocket expenses with these providers. Charges in excess of the insurance payment are your responsibility. Regardless of the provider, you are responsible for the payment of your Deductible. You must satisfy your Deductible before benefits are paid. We will pay according to the benefit limits in the Schedule of Medical Expense Benefits.

Sickness: Means sickness or disease of the Insured Person which causes loss, and originates while the Insured Person is covered under this Policy. All related conditions and recurrent symptoms of the same or a similar condition will be considered one sickness. Covered Medical Expenses incurred as a result of an Injury that occurred prior to this Policy's Effective Date will be considered a sickness under this Policy.

Usual and Customary Charges: Means the lesser of the actual charge or a reasonable charge which is: 1) usual and customary when compared with the charges made for similar services and supplies; and 2) made to persons having similar medical conditions in the locality of the Policyholder. No payment will be made under this policy for any expenses incurred which the judgment of the Company is in excess of the Usual and Customary Charges.
