SUMMER DESIGN WEEK

EXPLORE YOUR CREATIVITY
+ EXPERIENCE STUDIO LIFE AT THE UNIVERSITY OF IDAHO

Learn how to create engaging sustainable environments. This track is designed to strengthen your creativity and design skills, resulting in a final project that reflects your vision for a better world.

TRACK 2: ART + THE VIRTUAL WORLD

Art & Design | Virtual Technology & Design

Learn how to create compelling experiences, both virtual and real. This track will strengthen your creativity through the exploration of design fundamentals, story, character, and visualization. Your work will result in art and design projects that engage your audience.

Both tracks offer design thinking projects, interactive workshops and fun evening activities.
