Time to Complete a Course
Plan for a minimum of three months to complete most ISI courses. Students work at their own pace within limits set by instructors. Instructors will grade assignments within three weeks from the date of receipt but are not required to grade faster than the maximum number of assignments per week listed in the Course Rules on BbLearn. Students must complete all assignments and exams to be eligible for a final course grade. Courses are designed for the student who works well independently with limited interaction with instructors. Exams require a proctor. Submit exam proctor request a minimum of two weeks before taking an exam. Students living outside of the United States must use an educational testing center.

Grades & Transcripts
Students who have a personal deadline (e.g., graduation, program admission) must submit all assignments and exams at least one month before their deadline to allow for processing. Transcripts can be purchased from the academic granting institution’s registrar one business day after a student receives a course completion email from ISI. ISI does not mail out transcripts.

To determine the credit granting institution (e.g., LCSC or ISU), refer to the information listed on the course page. To determine if a student’s courses will appear on a transcript, check with the Registrar of the credit granting institution. For course information, see Idaho Academic Calendar, University of Idaho’s Undergraduate Bulletin, and/or University of Idaho’s Graduate Bulletin. Unofficial transcripts are available on VandalWeb for all courses and transferred credits.

The University of Idaho DOES NOT calculate ISI course credits or transfer credits into the institutional GPA. Students at other universities may contact their registrar to find out if ISI course grades will be calculated into their GPAs. Most colleges and universities have transfer credit limitations.

Admission
Students can register for ISI courses without applying for admission to any of the cooperating schools. Admission to any of these institutions is not granted by registering for an ISI course. Academic advisor approval is required for U of I students before registering and is recommended for all students.

Courses taken through ISI do not count toward a student’s credit-hour load and cannot be used to establish a full or part-time student status to determine eligibility for financial aid for federal loan defferment.
