Assignments: 11 graded, Exams: None

May submit up to 3 assignments at a time/6 per week.

MATH**MATH 108: INTERMEDIATE ALGEBRA**

Review of algebra including factoring, rational expressions, exponents, radicals, quadratic equations, equations of lines. UI students: carries no credit after Math 137 [Algebra with Applications] or 143 [Pre-calculus Algebra and Analytic Geometry]. Does not satisfy general education requirement.

Assignments: 5 graded, Exams: 5 practice, 5 proctored

May submit up to 3 assignments at a time/6 per week.

MATH 123: MATH IN MODERN SOCIETY

Discussion of some aspects of mathematical thought through the study of problems taken from areas such as logic, political science, management science, geometry, probability, and combinatorics; discussion of historical development and topics discovered in the past 100 years. UI students: general education credit – Mathematics.

Assignments: 10 graded, Exams: 5 proctored

May submit up to 1 assignment per week.

MATH 130: FINITE MATHEMATICS

Systems of linear equations and inequalities, matrices, linear programming, and probability. Prerequisite: sufficient score on SAT, ACT, or math placement test; or Math 108 with a C or better. Required test scores can be found here: www.uidaho.edu/registrar/registration/placement/. UI students: general education credit - Mathematics.

Assignments: 10 graded, 1 self-study, Exams: 4 proctored (sent one-at-a-time once appropriate lessons have been graded).

May submit up to 3 assignments per week.

MATH 143: COLLEGE ALGEBRA

Algebraic, exponential, logarithmic functions; graphs of conics; zeros of polynomials; systems of equations, induction. Prerequisite: sufficient score on SAT, ACT, or math placement test; or Math 108 with grade of C or better. It is recommended that Math 143 be taken within two years of passing Math 108 or its equivalent. Required test scores can be found here: <http://www.uidaho.edu/registrar/registration/placement>. UI students: Carries no credit after Math 160 or Math 170; carries 2 credits after Math 137 [Algebra with Applications]; general education credit - Mathematics.

Assignments: 16 graded, Exams: 4 proctored (sent one-at-a-time once appropriate lessons have been graded).

May submit up to 2 assignments per week.

MATH 160: SURVEY OF CALCULUS

Overview of functions, and graphs, derivatives, integrals, exponential and logarithmic functions, functions of several

variables, and differential equations. Primarily for students who need only one semester of calculus, such as students in business or architecture.

Prerequisite: sufficient score on SAT, ACT, or math placement test, or Math 137 [Algebra with Applications] with a C or better, or Math 143 with a C or better. Required test scores can be found here: www.uidaho.edu/registrar/registration/placement. UI students: carries no credit after Math 170; General education: Mathematics. Recommended: non-graphing calculator

Assignments: 20 graded, 8 self-study, Exams: 5 proctored (sent one-at-a-time once appropriate lessons have been graded).

May submit up to 2 assignments per week.

MATH 170: CALCULUS I

Functions, limits, continuity, differentiation, integration, applications, differentiation and integration of transcendental functions. Primarily for students in engineering, mathematics, science or computer science. Prerequisite: Math 143 (with a grade of C or better) and Math 144 [Analytic Trigonometry] (concurrent enrollment in Math 144 is allowed although it is recommended that students complete Math 144 before enrolling in Math 170); or demonstrated proficiency through a sufficiently high score on the ACT, SAT, or math placement test. Required test scores can be found here: www.uidaho.edu/registrar/registration/placement. UI students: general education credit - Mathematics; Carries 2 credits after Math 160.

Assignments: 12 graded, Exams: 4 proctored (sent one-at-a-time once appropriate lessons have been graded).

May submit up to 2 assignments per week.

POLITICAL SCIENCE**POLS 101: INTRODUCTION TO POLITICAL SCIENCE AND AMERICAN GOVERNMENT**

General Information

ABOUT ISI

Independent Study in Idaho (ISI) was created in 1973 by the Idaho State Board of Education as a cooperative of four regionally accredited Idaho institutions led by the University of Idaho. Other cooperating members include Lewis-Clark State College, Idaho State University and Boise State University. All cooperating member institutions are accredited by the Northwest Commission on Colleges and Universities (NWCCU).

REGISTRATION

Students can register for ISI courses without applying for admission to any of the cooperating schools. Admission to any of these institutions is not granted by registering for an ISI course.

Most Independent Study in Idaho (ISI) courses are not on a semester calendar so students can begin anytime and take up to one calendar year from the date of registration to complete a course. Students should plan for a minimum of three months to complete most ISI courses. Students work at their own pace within the limits set by instructors. Instructors will grade assignments within three weeks from the date of receipt but are not required to grade faster than the maximum number of assignments per week listed in the Course Rules page in your course packet. Students must complete all assignments and exams to be eligible for a final course grade. Exams require a proctor. Submit the Exam Proctor Request form a minimum of two weeks before you plan to take your first exam.

GRADES & TRANSCRIPTS

Students must submit all assignments and exams at least one month before they need a final grade in the course to allow for processing. Transcripts can be purchased from the credit-granting institution's registrar after the student receives their course completion letter. Transcripts are not available through the ISI offices. To determine the credit-granting institution (U of I, LCSC, or ISU), refer to the abbreviation listed next to the course. To determine how your ISI course will appear on transcript, check with the Registrar of the credit-granting institution. For contact information see the last page of this guide. Please note that many colleges and universities have transfer credit limitations. If you are planning to transfer credits earned through ISI to another school please check with the registrar before you sign up for a course through ISI.

COSTS AND FEES

ISI courses cost \$160 per credit plus a \$30 non-refundable administrative fee per course. The course fee **does not** include the cost of any required textbooks, software, or lab fees for courses.

Refund Schedule

Courses dropped within 45 days of registration qualify for a course credit fee refund minus \$25 for each assignment/exam submitted and the \$30 non-refundable administrative fee. You will qualify for a full refund if you drop within 21 days from your registration date. If you drop between 22 and 45 days from your registration date you will qualify for a 50% refund. During the first 45 days after registration you may also request a course exchange minus \$25 for any assignments or exams you have submitted. Please note that an additional \$30 non-refundable administrative fee is required before a course exchange can be processed.

FINANCIAL AID

ISI accepts most tuition assistance payments. ISI does not offer financial aid. Courses taken through ISI do not count toward a student's credit-hour load and cannot be used to establish full or part-time student status to determine eligibility for financial aid or loan deferment.

Independent Study in Idaho Policies & Procedures

ACADEMIC INTEGRITY

Independent Study in Idaho (ISI) students and instructors are responsible for maintaining high academic standards and integrity as defined in the sponsoring institution's policy. For detailed policies, contact the appropriate sponsoring institution's Student Affairs or Dean of Students.

ISI Student Responsibilities

- Cite all materials used from other sources (books, e-publications, journal articles, newspapers, websites, etc.).
- Submit original work on papers, reports, projects and exams.
- Display academic integrity by not sharing final course work with other students.
- Know the instructor's expectations for each course as outlined in the *Course Rules* on BbLearn (included in the course packet sent to incarcerated students upon class enrollment).
- Read and understand the academic honesty policies and disciplinary processes of the course-sponsoring institution.
- Read and understand ISI's policies and procedures.
- Maintain professionalism in communications with ISI instructors, staff and proctors.

DISABILITY SUPPORT SERVICES

Each of the ISI cooperating institutions offers academic support services to students with temporary or permanent disabilities. For information about the services available and to request disability-related accommodations, contact the course-sponsoring institution's office of disability services. Note the abbreviation listed in the course description in the catalog to determine the course-sponsoring institution. *Note: exam accommodation documentation is specific to a course and is not retroactive.*

LANGUAGE REQUIREMENTS

A good command of the English language is essential to successfully completing ISI courses. Therefore, it is recommended that students whose primary language is not English read the appropriate institution's language requirements policy.

ASSIGNMENTS

Assignment details and instructions for submitting completed assignments are available in the BbLearn courses site under *Course Rules* (included in the course packet sent to incarcerated students upon class enrollment). The maximum number of assignments that can be submitted at one time and per week are set by the instructor and are also listed in the *Course Rules* and directly after each course description in this packet. Students may not submit assignments that are partial, incomplete, or in excess of this number. Instructors will grade assignments within THREE (3) weeks (21 days) from the date of receipt, but are not required to grade faster than the maximum number of assignments per week listed in the *Course Rules*. Students must complete all assignments, papers, projects, and exams to receive a final grade in a course.
