Notes

1. You must provide a one- or two-page typed statement describing your graduate project proposal, indicating issues you plan to explore and your project's location. Attach it to this application. Additionally, the capacity of the Boise program is limited. If more people wish to study in Boise than space allows, applicants will be selected based on Graduate Project Proposals.

2. Leave blank if not yet completed

3. You must have completed at least 9 graduate credits to enroll in Arch 510 Graduate Seminar; and you must take Arch 510 & 556 in consecutive semesters. Arch 553 is a pre-req/co-req for Arch 510.
