

Cultural Context Studio

Arch 454/554 • Spring 2023 • Anne Marshall

This studio will examine architecture and site in relation to cultural and social issues.

Potential projects include a tribal cultural center, a tribal governmental center, housing, a campus multicultural center, and urban design in Moscow or Coeur d'Alene. Students should be prepared to participate in a face-to-face, in-studio learning environment on the Moscow campus; interaction with community clients; and field trips within the Northwest. Images below are from previous studio projects on the Coeur d'Alene and Crow Reservations; Togo, Africa; and Moscow.
