4-H Interview Evaluator

JOB DESCRIPTION:
Evaluation is an important process that helps members to know where they stand in knowledge, skills, and attitudes so they can build on their strengths and work to improve the areas that are more challenging for them.

As an interview evaluator, you will be conducting one-on-one interviews with youth, focusing on learning about the 4-H project(s) they completed during the current 4-H year. During this interview you will evaluate their understanding of their project and completeness of their record book. Almost all the 4-H members you interview will have worked hard on their projects and have some exciting accomplishments to share.

We encourage you to have fun! Celebrate the positives with the students and be gentle but honest with the areas that need improvement. Being a 4-H evaluator can be inspiring and you can make a difference in the life of a child, so enjoy the experience!
