

COMPOST ASSIGNMENT

We will be building a compost pile during our next class. Plan to bring organic materials if you have some for building a compost pile. Bring as much as you can. We will be outside in the UI Composting Demonstration Site, please dress accordingly to be outside and get dirty. If it rains, we will still go outside, bring a rain coat and rubber boots (if you have them).

Your assignment is to bring some organic materials such as:

- fruit and vegetable kitchen scraps
- livestock manure & bedding
- newspapers (no magazines)
- grass clippings & leaves
- rotten fruit or wilted veggies
- old sawdust, straw, rotten hay
- coffee grounds, egg shells
- any other organic material suitable for a compost pile

DO **NOT** BRING:

- sticks or small branches
- dog or cat feces
- diseased or insect ridden plants
- meat, fats & bones
- dairy products
