

Seed Growing Assignment

Grow 6 vegetable plants in 4-inch pots to a height of 4-5 inches. They must be healthy, not spindly or wilted. Use whatever method will give you good quality, compact, saleable plants.

Assignment is due April 24.

If you want to earn 3 hours of credit, grow 15 veggie plants in 4-inch pots. (No pots smaller than 4-inch are allowed.)

To earn even more credit, bring even more plants (perennials are ok) in for the MG Plant Sale. All items must be in by April 24.
