## 4-H Livestock Ethics/Requirements Workshop

Each 4-H livestock club must be represented by either a volunteer or parent  
(Youth are also welcome to attend)

**Thursday, November 17, 2022**

6:30 p.m. (with yummy refreshments to follow)

[See Attached Flyer for more details](#)

During Fair, I had the opportunity to give our new regional educator a tour around the fairgrounds. It was observed that many animals were being fitted by very few youth. We stopped and spoke with one father who was holding the steer halter and was giving instructions to his daughter while she did the fitting. We expressed our admiration on what was taking place and he replied, "That is what I thought 4-H was about."

It is easy for us to look outwards at others and not look and think about our own actions and ethics. We have a great opportunity to mentor youth and teach them lifelong skills including ethical behavior. We can all use training on ethics. We all deal with questionable behavior--even our own at times. Please come and discuss this topic on the 17th. We will all benefit.
