Current Topics In Farm & Forest Health

Thursday

**December 12, 2019**

Ponderosa Restaurant
Conference Room
220 Michigan Ave.
Orofino, ID

8:55 am - 3:45 pm

Sign-in begins at 8:30 am
Program Description

A variety of factors can affect forest, range, and crop-land health. Current Topics is an annual program that provides landowners and managers with some of the latest information on issues that impact the achievement of land management goals.

This year’s program will focus on pesticide use around the home and garden, herbicide resistance in agriculturally important weeds, new herbicides for ventenata and annual grasses, control of weeds in dry-land pastures, and herbicides for forest management applications.

Program Agenda

8:30 am  Sign-in
8:55 am  Welcome & Introduction, Bill Warren, UI Extension
9:00 am  Herbicide Resistance in Ag-Land Weeds: How Serious Is It? Doug Finkelnburg, UI Extension
10:00 am Integrated Weed Management Strategies for Dryland Pastures, Ken Hart, UI Extension
11:00 am  Break
11:20 am  Herbicides for Controlling Weeds After Logging Operations and in New Plantations, Joel Fields, Wilbur-Ellis
12:20 pm  Lunch (on your own)
1:30 pm  New Herbicide Solutions for Ventenata and Other Annual Grasses, Tim Prather, UI Extension
2:30 pm  Pesticides for Use on Common Weeds and Animal Pests Around the Home and Garden, Mike & Joan Mount, Green Things Nursery
3:30 pm  Evaluations/Credit Distribution
3:45 pm  Close

Current Topics in Farm & Forest Health
