

What is the Senior Award? The Senior Award is an award to encourage high school students to continue their participation in non-animal 4-H projects. The type of award given is based on the category of the 4-H project. Example: Leadership, Science & Technology, Environmental Education, and Personal Development, etc.

What is the Family and Consumer Science Award? The Family and Consumer Science Award was established in 2003 and was created to recognize outstanding 4-H members in the Family and Consumer Science area.

Who is eligible to win this award? To be eligible to apply for these awards, a 4-H member must be currently enrolled in the project area for five years and entering their sophomore year in high school.

How can I become involved? You can become involved by making a monetary donation to the Lewis County 4-H Senior Award and Family & Consumer Science Award. Your help would be greatly appreciated. The success and continuation of these awards depends on the willingness of people to donate to the fund. Small donations can really add up. Donors will be recognized at the Fair if donations are received prior to the opening of the fair.

Thank you to our 2014 Donors!
