The Fair is right around the corner!!
Time to start putting the finishing touches on your 4-H projects.

Thinking about the past year in 4-H, we hope that while you have been “learning by doing”, you’ve enjoyed some fun and unique experiences with your projects and clubs. Give yourself a pat on the back for following through on your projects. That show’s responsibility and dedication.

Changes you ask?? Yes, every year there are changes and new ideas being tried.
Swine will be shown in the area between the “Beef Barn” and “Red Barn”. Rabbits and Poultry will be switching ends of their barn. The cattle showing schedule is flip-flopped with breeding and dairy animals showing first at 10 am followed by stockers then fat steers. The exhibitor’s handbook should be printed and available around the first of August. Check inside for schedules.

Take time to read this newsletter and next month’s newsletter for important information to help you get through the fair with, hopefully, less stress and on top of your game. If you have any questions or concerns, please be sure to let us know—we are here to help!

Thank you to Kelly Ryan and Jessie Van Buren for hosting the two-day Cattle Clipping Clinic and helping our beef members learn to groom their animals to today’s fashion for the show ring. The animals seemed to enjoy all the extra attention and scratching, too.

Misty Browning is offering a Lamb Showmanship Clinic from 1 to 3 pm on August 10 at 1333 Alder Avenue, Lewiston. She will be sharing tips for training your lamb, clipping for show and showmanship. Please text Nila (Misty’s mom) at 208-816-2805.

Remember: watch your postal mail, email and 4-H Online for updates and important information.

### 4-H Community Pride

Highlight the Community Service your club participated in this year! Community Pride posters should be on standard poster board paper (22” X 28”). These posters must be turned in no later than 10 am on Wednesday, September 19 to be displayed at the fair. Also, please attach the Community Pride Report Form (C5) to the back of your poster.

### Fashion Revue

Clothing members—it is time to start thinking about the Fashion Revue. We will be having a Practice at the Nez Perce County Fairgrounds on **September 13 at 4 p.m.** I strongly encourage everyone to attend as it is a great chance to practice on the stage. Please remember to only bring the shoes that you plan to wear when modeling. Do not wear the outfit you plan to model to practice, it’s not worth risking your outfit getting stained or damaged.

**Fashion Revue Judging**—September 14 beginning at 8 a.m.

**Style Revue at Fair**—September 19 at 6:30 p.m.

Please ask your leader or call the Extension Office with any questions.
4-H Food Booth—Order Up!!

Attention Leaders and Parents—It is time to start thinking about signing up for time slots for working at the Parents Food Booth during the Fair. The Food Booth is the only fundraiser for the 4-H program for the entire year. Remember, workers do not have to only be parents—workers can be aunts, uncles, friends, neighbors—anyone willing to work a three to four-hour slot and receive a free day’s pass to the fair. Leaders: Please remember that you are responsible for filling all of your time slot. It is not fair to the other club’s helpers to have to pull double shifts because a club is not represented.

We are also looking for half-day or day supervisors. Someone who is willing to be responsible for calling to remind people if they forget to show up, tell the next crew at shift change what needs to be done for continuity between shifts, run errands, make sure enough supplies are on hand to keep the booth running.

If you have a member who is showing an animal and are scheduled to be working a food booth shift, you can take a break to go watch them show then come back to your post. Texting works great for this!!

Homemade Fruit Pies, Cobblers and Crisps: Each club will be assigned a number of pies/cobblers/crisps to bring for the food booth. We are famous for our homemade pies but since not everyone knows how to make pie (4-H has a project for that), please bring a cobbler or crisp. Remember—homemade only, no store bought (not even Cyrus O’Leary) and no cream type or anything that needs refrigeration.

Across:
2. A cow stores her milk in this
4. Famous milk slogan
5. A cow’s ________ has four compartments to digest food
9. A baby cow
10. The most popular flavor of milk
11. Cold milk drink
12. This dairy food comes in a cup
14. About one-fifth of all U.S. cheese is used to make _____
16. America’s favorite ice cream flavor
17. This month is Dairy Month
18. ‘Holey’ cheese
19. Cow talk

Down:
1. Tastes great on corn
3. Milk goes well with this snack
6. Milk mineral that keeps bones strong
7. Milk is approximately 97 percent this
8. Southeast’s largest dairy state
13. Get ________ servings of dairy every day
15. Cows graze on ________
18. Non-fat milk is also called
Camper Spaces at Fair

Do you have a reservation for a camper space at the fair? After August 1, you should receive a letter from the Nez Perce County Fair with information pertaining to your space number. You can move your camper in from 8 am to 8 pm September 14-17. RV Maps are posted in 4-H Online or contact the Extension office to resend it.

**RV Campers in the West Area** – Enter through Burrell Avenue Gate (Red Ticket Booth)

**RV Campers in the East Area** - Enter through Airway Avenue Gate (Orange Ticket Booth)

**RV Campers in the Overflow Area** – Check in at the Airway Orange Ticket Booth and then will proceed to Overflow area.

**Water**—the old caretakers house was torn down, which means there will not be a potable water hydrant in the west camper area—the water came through the house meter. The water at the camper dump station outside the fence is potable or you might plan on filling your camper holding tanks before arriving at the fair. Sorry for the inconvenience, work is being done to have it restored.

**4-H Family Gate Passes — pre-purchase at Main Fair Office**

4-H families—meaning parents, siblings and grandparents—are eligible for discounted gate passes during fair.

- **4-H MEMBER ROF**
  - FREE LEADER GIVES OUT
- **4-H PARENT ROF**
  - $10.00 WRISTBAND
- **4-H ADULT SIBLING ROF**
  - $10.00—19 & OVER /WRISTBAND
- **4-H SIBLING ROF**
  - $6.00—6-18 YRS /WRISTBAND
- **5 YEAR OLD & UNDER**
  - FREE 5 & UNDER
- **4-H GRANDPARENT ROF**
  - $15.00—60+/ WRISTBAND

If you lose your wristband, you will have to buy your replacement. If your 4-H member wristband broke, bring the pieces to the 4-H office for replacement. If you don’t have the pieces of the wristband, you will need to purchase another one.

**Using “plastic money” at the fair**

None of the entry gates can process plastic money—cash or checks only!!

Only the main fair office can accept credit and debit cards, BUT all card transactions are now processed through Point & Pay, which charges the customer a “Convenience Fee” to process the transaction.

**ATM**—(P1FCU) is available in the pavilion by the main office

**Record Books**

All projects REQUIRE a record book

Along with making sure that your project is ready to exhibit at the fair, you need to make sure that your record book is complete and ready as well. Here is a checklist for the different projects to make sure that you have everything you need. If you are missing something, let us know at the Extension office so we can get it to you!

**Home Ec/Career and Leisure Projects** (non-animal): Record Book #91950; Involvement Report #91910; and any project specific inserts. Seniors 4-H story must be 300 words minimum. Turned in with project between 8-10 am Wednesday of Fair week.

**Non-Market Animal Projects** (animals that will not be sold at the fair—pets, breeding, horse, etc.): Record Book #91940; Involvement Report #91910; Permanent Individual Animal Health Record #72101 and any other project specific inserts. Seniors 4-H story must be 300 words minimum. Turned in 8-10 am Wednesday of Fair week. If you are bringing a live animal to the fair, you can turn your book in early at the 4-H office.

**Market Animal Projects** (animals that will be sold at fair): Record Book #91940; Involvement Report #91910; Animal Science Lesson Program Checklist. Intermediates and Seniors also need to have their species growth chart. Seniors 4-H story must be 300 words minimum. **Before you can sell**, your record book will be checked before 5 pm Friday of Fair and you will turn in the Livestock Responsibility Agreement and your species specific COOL form. *Remember* If you want your Market Animal Record Book judged for county awards and medals, you will turn it in to the Extension office downtown before Friday, September 27. You will keep it at the fair and turn it in the week following—less chance of us losing your book.

**All market animal record books MUST be checked for completeness before you sell!!!**
How is your market project animal developing and growing

Final weigh-in is only about 50 days away! Have you weighed your market animal recently? Did you know you can “weigh” your swine with a tape measure? There is a portable scale that you can borrow to weigh up to 300 lbs. Call the 4-H office for information about weighing steers.

Now is the time to work with your animal to be sure it is on track to be a finished product and makes weight on September 18.

**Beef** on average gain 3 to 3.5 pounds per day—**final target weight at fair is 1050-1500#**

**Stockers/Feeders** on average gain 2.2 lbs/day—**final target weight at fair is 500-900#**

**Lambs** on average gain 0.6 lbs/day—**final target weight at fair is 100-160#**.

**Goats** on average gain 0.3 lbs/day—**final target weight at fair is 60-130#**

**Swine** should on average gain 1.8 lbs/day—**final weight at fair is 215# to 300#**. Your animal should gain approximately 90 pounds over the next 50 days. Take the weight your pig is now and add 90. If it doesn’t meet minimum weight, adjust your feeding program and management practices for maximum gain.

If your animal is underweight, your leader, the 4-H office or your preferred feed store representative can help you decide which product to feed and how to manage your animal to gain.

**What if my animal doesn’t make weight?** Animals that are under weight are less likely to meet finished product standards. Animals that do not meet the minimum weights at fair are eligible to show in a light weight class for quality, and the 4-H members are still required to show them in a Fitting and Showing Class. *The underweight animals are not eligible to be sold at the fair sale, and it is the owners’ (member) responsibility to arrange for marketing them after the fair.* If you have a light market animal that might not “make weight” please arrange to take the animal home to feed up and harvest for yourself or have a buyer or plan in mind before you come to the fair. You can post “This Animal Is For Sale” on your stall after the Saturday market sale.

**Nez Perce County Cattle Producers Cow/Calf Breeding Project**

The Nez Perce County Cattle Producers will once again be sponsoring on Beef Cow/Calf Breeding Project. The cow and this year’s calf will be in the Cattle Annex during this year’s fair. Applications are available from the Extension Office and we will have some available at the 4-H Fair Office. If you are the 2019 recipient of the project, you will house the bred cow, calve her out and be able to keep the offspring. This is an excellent opportunity for all members and there is no cost for the application. Applications are DUE by 5 pm on Friday, September 20 in the 4-H Fair Office on the fairgrounds.

**Time for a Trim!**

**SHEEP SHEARING**
Friday, September 6, 2019
3 pm to 6 pm
Nez Perce County Fairgrounds
$7 per head to Martin Dibble

Market lambs must have 10 days wool growth at the time of fair. Members can choose to participate in this shearing or may shear on their own with leader approval. Failure to shear your animal on the official shear date or shearing at the fair will result in the loss of showing privileges for the Grand Champion Round.

If you have questions, please call the Extension office BEFORE September 6.
Buyer Contacts & Showing Etiquette
Kerry Sanford, 4-H Program Coordinator from 2003-2015
UI/Nez Perce County Extension

The market animal sale at the county fair should be a positive event for everyone - parents, members, leaders and potential buyers. It is a good idea for each member to invite potential buyers to the sale. These potential buyers could be neighbors, relatives, local businesses and corporate businesses. There are a few do’s and don’ts when it comes to contacting buyers. The list below highlights some of these. If you are at all uncertain, contact your Extension Office or FFA Advisor.

Don’ts

Specific solicitation - do not ask the potential buyer to come and buy your animal, or your clubs’ animals.
You should only be inviting them to come and support 4-H and FFA through the market animal sale.
Pressuring potential buyer(s) because you and/or your family do business with them. No potential buyer should ever feel that they “have to” buy a specific animal(s). Pressuring will usually backfire with that potential buyer not coming to the sale, or contacting the Extension Office or Advisor with their concerns.

Do’s

Provide an invitation with generic and/or basic information. This should include date, time & location of the sale, contact information if they have questions (Extension Office, FFA Advisor, Market Animal Sale Committee member) and the sale order. The invitation should be open and friendly.
Keep your contact list small (ex: 5 contacts/member) and if possible try to keep it to people you know.
Know what you are going to say before you go in. Keep it simple and short. Example: “Hi! My name is ____________________. I am a 4-H member in Nez Perce County. I would like to invite you to come and join us for the 2019 Nez Perce County 4-H/FFA Market Animal Sale on Saturday, September 21 at 4:30pm.”
Think of this as a demonstration or job interview. Speak clearly, have good eye contact, spit out gum & SMILE. Be dressed appropriately.
Club t-shirt, or nice western shirt.
Clean jeans or pants.
Boots or leather closed toe shoes.
Hair should be neat.
Hats should be off.

If it is a business, wait politely to be helped and then ask to speak with the manager.

Ask if they have any questions, and be prepared to answer them. Be sure that you know; when & where the sale is, what club you are in, what project(s) you are taking, who your leader is, etc.

This is your turn to shine - Mom & Dad you need to stay in the background.

Most importantly - thank them for their time. A confident handshake is always good!

Sale Night and beyond
Remember that the market animal sale is a large public event during the fair. This event draws in people who may not know what 4-H or FFA is all about. We need you to act in a way that promotes not only 4-H and FFA but also agriculture. Here are some pointers for sale night.

Be on time. Know the sale order and where you are in that order. You should be in line and ready to enter the ring when the person four animals ahead of you goes in. Your barn superintendent will be there to help with lineup.
Be clean & dressed like you are going into a fitting & showing class. Do not wear any clothing items that have logos on them (business or otherwise).

Have your animal clean and ready to go.

Have any helpers that you may need (trophy, ribbon or banner carriers) lined out well ahead of time.

DO NOT make gestures to the crowd to try to increase your bids.

Smile – NO sad faces! J

Answer any questions the auctioneer may ask, now is not the time to be shy.

If you are Grand or Reserve Champion in quality be prepared to have a picture with your buyer in the ring.
   When the buyer approaches shake their hand, tell them thank you and smile big!

Once your animal has sold, return it to its pen and then return to the sale ring to thank your buyer.

Put up your Thank You Buyer sign as soon as possible after the sale to take to your buyer(s) to post in their businesses.

Remember that every penny over the market value animal of your animal is a donation directly to you from your buyer, and if it was not for them there is no way that you would be able to make money on this project. Even if you received the lowest bid amount at your sale, more than likely it still is quite a bit more than the market value. Do not make public comments that you think you should have received more money, or that the buyer did not spend enough.

Be sure to continue to care for your animal until the end of the fair.

Be prepared to say good-bye. Parents PLEASE do not tell your child that their animal will not be butchered. They are taking a market project and need to fully understand and be prepared to deal with the reality and expectations of fulfilling the project requirements.

Showing Etiquette
Here are some quick pointers.
Be on time. On time means that you are done with final touches and ready to get in line when the class before you goes in.

Be ready. Your animal should be clean and fitted properly. You should be clean and dressed appropriately.
   Hair back – everyone.
   Minimal jewelry – everyone.
   Clean, leather, closed-toe shoes/boots.
   Clean jeans or pants.
   Belt if you have belt loops on your jeans/pants.
   Shirt should be clean, pressed, buttoned up and tucked in.
   Market/Meat Goat members – black pants/jeans and white shirt recommended
   Dairy members – white pants/jeans and white shirt recommended (may wear black pants/jeans)
   FFA members should be wearing official FFA attire – refer to your advisor.
   NO gum!

Know information about your project animal and be prepared to answer those questions.
Always keep eye contact with the judge.
Help others in the show ring if you can do it quickly and safely.
Don’t talk to the other showmen during your class.
Show until the end of the class.
Listen to everything the judge tells you – they will remember if you are trying to improve.
Congratulate those who may have placed better than you.
ALWAYS be a gracious winner. J
**3 Ways to Buy!**

**Custom Slaughte**r - A buyer purchases an animal at the sale and wishes to keep the meat. The livestock sale committee can handle transportation of your purchase to your designated meat cutter. The buyer then makes all arrangements with the cutter for processing (it is recommended that the buyer contact the meat cutter within a week of the sale to ensure desired processing). Processing, cutting and wrapping is not included in your purchase price.

**Turn** - This is a great way for businesses or organizations to support the sale. The buyer simply marks “Turn” on the invoice and the animal is purchased by the floor buyer at the present market price. The market price offered by the floor buyer is referred to as the “floor price”. The buyer pays the difference between their bid and the floor price. You do not keep the meat when you use this option.

**Take Out** - Buyers may purchase animals “on the hoof”. This is highly recommended for lighter weight animals and stocker-feeder projects. The buyer must make arrangements with the Livestock Committee Chairman, to pick up their animal after 3:30 pm on the Sunday of the Nez Perce County Fair.

**Terms of the Sale** - Unless otherwise specified, all animals are sold by the pound. Rabbits and Poultry are typically sold by the pen. Extra support payment is encouraged by the day of the sale. Sale invoices are due thirty days following the sale.

**What do I get from my Purchase?** - Below is an approximate breakdown of the average size animal. This breakdown is intended as a general base for meat product return and may not fully account for slight variations that different animals and butcher orders may incur.

If you haven’t made arrangements beforehand, your butcher will call and ask how you would like your meat cut up. You can make any special requests or you may choose a standard cut.

**Stocker-feeders** are animals ready to be put into the feedlot for fattening and finishing. They are not a finished animal that is processor ready. These animals represent what our area cattle producers raise and take to the open, commercial sale, such as Lewiston Livestock Market.
