

# 2021 LEAP Update

## Zoom Viewing sites

Most participants in the 2021 LEAP Update Zoom sessions will participate from a computer located at their home, shop, or other location. However, for those who do not have adequate internet access to participate in Zoom, the sites listed below will be hosting the program (projecting the program onto a screen). If you wish to participate in the 2021 LEAP Update at one of these sites, you will need to sign up separately at that site by **Friday, February 26**. Different sites have differing capacities for this, so call early to reserve a spot at your preferred site. Participants who do this option will need to sign in at the beginning of the session and sign out at the end.

### UI Extension Offices

The UI Extension Offices listed below will be hosting people to watch this program at their offices or at another nearby facility, depending on demand. Participants at these sites will need to sign in at the beginning of the program and sign out again at the end.

UI Extension offices in Kootenai, Bonner and Boundary counties also have new speed WiFi hot spots established at their offices, whereby people can access free broadband internet in the parking lot from their vehicle via a laptop, tablet or similar Wi-Fi equipped device. If you wish to pursue this option, contact the extension office from which you wish access the program from, for details on their set-up. Under this option, you will need to register for the program and fill out the online evaluation for the program, just as you would if viewing it from your home.

- UI Extension - Benewah County Office, 711 W. Jefferson Ave., Suite 2, St. Maries, ID 83861, Phone: (208) 245-2422.
