

Program Application

I would like to be considered for University of Idaho Extension’s Master Forest Stewards Program. I understand that if accepted into the program, I must complete the required 70 hours of Idaho Master Forest Stewards training to be a certified volunteer. I also understand the program expects at least 70 hours of volunteer service after completing training. Those not able to commit to 70 hours of volunteer service after IMFS certification should not apply for the Idaho Master Forest Stewards Program. Upon scheduling the next set of IMFS core training sessions, there will be a fee of \$40 for each participant to help off-set the cost of program materials and refreshments. I hereby confirm that I will be at least 18 years of age at the start of the training.
