In compliance with the Americans with Disabilities Act of 1990, those requesting reasonable accommodations need to contact Chris Schnepf at the UI Extension Office in Kootenai County (Phone: 208-292-1288) at least one week prior to this program.
Animals, plants, insects, and diseases can sometimes impede reforestation, wildlife habitat, or other forest stewardship goals. Current Topics in Forest Health is an annual program that updates forest owners, operators, and natural resource professionals on methods to improve forest health.

**Program Agenda - 2022**

8:30 am  
Check In

9:00 am  
Effects of Post-planting Clopyralid Application on Growth and Survival of Larch and Douglas-fir. Andrew Nelson, University of Idaho

**Registrations**

Current Topics in Forest Health will be held on Friday, December 16, 2022 in Coeur d’Alene at North Idaho College in Room 106 of the Meyer Health and Science Building (for a map go to www.nic.edu/about/maps/campus.aspx). A $26 registration fee covers handouts and refreshments.

The program can accommodate up to 95 people, so please return the registration form on the back of this flyer as soon as possible, to assure your place and help us plan. For registration questions, contact the University of Idaho Extension office in Kootenai County (208) 292-2679. For program questions, contact Chris Schnepf at the same number.

**An Idaho Forest Stewardship program**

Co-sponsored by:
- Society of American Foresters
- Idaho Pro-Logger: 6 credits.
- Idaho Dept. of Agriculture pesticide recertification: 5 credits.
