COURSE # Course Name

F = FALL, S = SPRING

ANIMAL & VETERINARY SCIENCE PRODUCTION

Raising and managing animals for meat, milk and other products requires specialized livestock knowledge and business savvy. Learn both through the study of animal science topics like reproduction and nutrition while earning your education in the meat science lab and animal centers.

Career Options

- Livestock Production Manager
- Agriculture Consultant
- Sales Representative
- Business Owner
- Breed Association Representative
- Feed Yard Manager
- Nutrition Consultant
- Cattle Buyer

Fast Facts

- Explore topics like pregnancy rates and grazing management systems.
- Gain hands-on experience working with livestock at the beef, dairy and sheep centers, the Steer-a-Year Feedlot or Vandal Brand Meats.
- Join the Food and Agribusiness Club, Student Idaho Cattle Association, Block and Bridle or Livestock and Meats Judging Teams to network with potential employers.
- Participate in an undergraduate research project to expand your knowledge beyond class.
