CURRICULUM

Well-Integrated Hybrid Program

The Energy Executive Course's renowned competency-based curriculum is delivered using online, virtual, and in-person formats.

Virtual Launch

(April 18-19)

- Thoughtfully planned shorter segments interspersed with lively interaction.
- Sets the stage for intersession group work and prepares participants for June in-person session.

Online learning, self-paced, self-directed

(content available April 19)

- Electric Generation, Transmission, and Distribution
- Natural Gas Production, Transmission, and Distribution
- Utility Accounting and Financial Reporting
- Regulation and Rate Making
- Financial Management

Strategically Timed Touchpoints

(May 2, May 23)

- Create channels for remote collaboration between April and June.

IN-PERSON

University of Idaho Campus, Moscow, Idaho (June 18-28)

- Strategically designed to provide a full immersion in the energy industry.
- Two weeks, face-to-face with over 90 in-class faculty contact hours, industry tours, and special events.

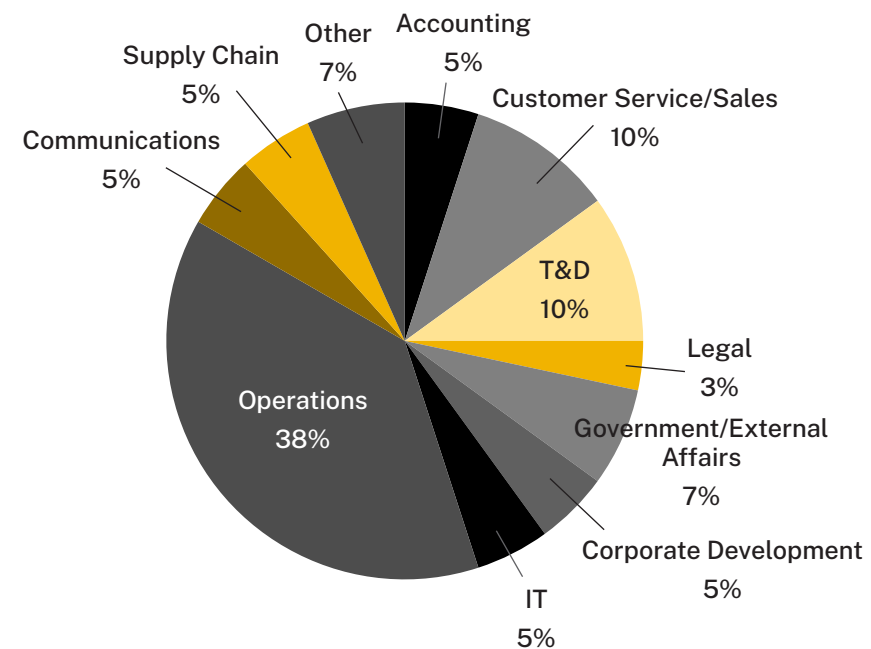

Capstone Session, Coeur d'Alene Resort, Coeur d'Alene, Idaho

(June 29)

- Select group of C-suite panelists and key stakeholders engage participants in dynamic discussion and debate about the transformational change taking place in today's energy industry.
