“UEC is an invaluable experience for our next generation of leaders. They hear from key players in the industry and learn from each other as they set the course for the future of their companies and themselves.”

Kimberly J. Harris, President and CEO, Puget Sound Energy
Why Leaders Choose the
UNIVERSITY OF IDAHO ENERGY EXECUTIVE COURSE

As thousands of participants have attested, participation in the Energy Executive Course is an inspiring and transforming experience, resulting in enhanced knowledge and professional growth as well as successful leadership.

Industry-Centered Program
- Led by a nationwide industry advisory committee of experts.
- Comprehensive immersion in the energy industry.

Proven Results
- 67th consecutive successful year.
- Formal assessments showing that learning increases in every course module every year.
- 93 percent increased learning in 2019.

Innovative, Strategically Designed Curriculum
- Centered on building in-depth knowledge, leadership skills, a strategic mindset, global vision, and professional networks.
- Continuously updated to reflect the evolving business environment and the latest information on critical issues shaping the future.

Extensive Network Building
- Participants from across the United States and around the world.
- An annual cohort of 50-60 leaders representing 30-35 organizations and every functional area of the industry.
- A career-long resource for exchanging ideas, experiences, best practices, and perspectives.

World-Class Faculty
- Widely respected, influential energy industry and academic leaders.
- Access to an ongoing network of energy industry expertise.

Highest Value
- Over 80 in-class hours with faculty.
- An efficient learning platform online allows self-paced, self-directed learning.
- All-inclusive fees, including instruction, course materials, lodging, meals, refreshments, educational tours, and other special events.

“I have been re-energized by the program and feel inspired to go back and apply what I have learned.”

Julie Shull, Senior Director, Corporate Strategy, Kansas City Power and Light
“The Energy Executive Course does an excellent job of putting all the key ingredients together to create a premier executive leadership experience that not only stays connected to what's going on in the industry today, but also prepares industry leaders for tomorrow.”

Jim Kensok, Vice President and Chief Information and Security Officer, Avista Corp.
Innovative
STRATEGICALLY DESIGNED CURRICULUM

The Energy Executive Course's comprehensive curriculum helps participants build in-depth knowledge, leadership skills, a strategic mind-set, global vision, and professional networks. With over 80 in-class faculty contact hours, an online learning platform, and educational study tours, the coursework offers a full immersion in the energy industry. A rigorous evaluation process ensures relevant and timely content.

Daniella Piper, New York Power Authority
Evelyn Robinson, PJM Interconnection
Jerry Schmitz, Southwest Gas Corporation
Gun Shim, Pacific Gas and Electric, Retired
Sayuri Yamada, PNM Resources

The Energy Executive Course has trained 2,790 men and women from more than 125 companies in 17 countries. The range of professional fields represented by course participants includes technology, finance, engineering, marketing, general business, regulatory affairs, and environmental services. These leaders have risen in their organizations to become vice presidents, presidents, chief executive officers, and board chairs.

“As a relative newcomer to the energy industry, I feel I gained five to six years of ‘industry experience’ in a few weeks.”

Bill Leady, Asset Manager, Bonneville Power Administration
Ideal

LIVING-AND-LEARNING ENVIRONMENT

The Energy Executive Course is the premier executive program in the University of Idaho College of Business and Economics. All classes are held in the J.A. Albertson Building. The state-of-the-art classrooms have been specifically designed to support integrated, participant-focused teaching methods.

The Pacific Northwest is a beautiful and inviting region of the country. Moscow offers the convenience and charm of a small town with the university’s exciting panorama of activities. A vital part of our Northwest community, the University of Idaho is nestled in the heart of the Palouse, with its miles of rolling wheat fields and evergreens. Some of the nation’s most spectacular lakes, rivers, and mountains are within easy driving distance.

The peaceful retreat atmosphere encourages participants to focus on course content as well as professional interaction. To complement its curriculum, the Energy Executive Course offers several outstanding network-building opportunities.

The comfort of all participants is a major priority. Staff members are known for their attention to detail, ensuring that your stay is not only productive, but enjoyable.

Course participants stay just blocks from campus at the Best Western University Inn. Each participant enjoys the comfort and convenience of a private room with amenities that include wireless internet service, cable television, voice messaging, in-room coffee, microwave, refrigerator, and access to same-day laundry service.

Meals are served in a private dining room where our executive chefs design delicious and healthy meals noted for variety, quality, and presentation.

ADMISSION AND FEES

The Energy Executive Course is designed for experienced managers and executives who have attained, or are about to attain, significant general management responsibilities. Participants have demonstrated leadership capabilities and the potential to advance in leadership roles and have the endorsement of senior management to attend.

Any employee of an energy company with the potential to benefit from the course is welcome to apply. Our staff relies on the judgment of each company to select those individuals with the potential for growth in leadership responsibilities who will find the course most useful.

The 2020 Energy Executive Course will be held June 14 - 25. The registration fee of US $13,750 includes all instruction, books, and materials in addition to lodging, meals, refreshments, field trips, and other special events. Participants will also receive a Certificate of Completion and Continuing Education Units. A 50% non-refundable deposit is due at the time of application. To ensure the highest-quality educational experience for all participants, enrollment is limited. Please apply by March 2, 2020.

“The course was an amazing experience that I will remember for the rest of my life. This unique experience has benefitted not only me, but the company I work for, and communities I serve.”

Karen Cash, Manager, Coeur d’Alene Natural Gas Operations, Avista Corp.
Developing a New Generation
OF ENERGY LEADERS
