“EEC does an excellent job of putting all the key ingredients together to create a premier executive leadership experience that not only stays connected to what’s going on in the industry today, but also prepares industry leaders for tomorrow.”

Jim Kensok, Vice President and Chief Information and Security Officer, Avista Corp.
Tradition and Innovation —
THE BEST OF BOTH

The University of Idaho Energy Executive Course was launched in 1954, when alumnus Robert Sessions, personnel director at Idaho Power Company, approached the university to design an educational program to help utility managers develop a leadership perspective and accelerate their transitions to executive responsibility.

Now in its 69th consecutive year, the Energy Executive Course has earned a worldwide reputation as the premier industry-driven executive education program designed specifically for energy leaders.

The Energy Executive Course provides comprehensive analysis of the industry’s top challenges and opportunities, and of its general business environment, as well as training for executives to enhance industry knowledge, leadership abilities, and professional effectiveness.

Held in a dynamic academic environment, the Energy Executive Course’s intensive format combines some of the energy industry’s best leaders with a world-class faculty, an innovative, strategically designed curriculum, and abundant opportunities for network building.

Why Leaders Choose the UNIVERSITY OF IDAHO ENERGY EXECUTIVE COURSE

As thousands of participants have attested, participation in the Energy Executive Course is an inspiring and transforming experience, resulting in enhanced knowledge and professional growth as well as successful leadership.

Industry-Centered Program
• Led by a nationwide industry advisory board of experts.
• Comprehensive immersion in the energy industry.

Proven Results
• 69th consecutive successful year.
• Formal assessments showing that learning increases in every course module every year.

Innovative, Strategically Designed Curriculum
• Centered on building in-depth knowledge, leadership skills, a strategic mindset, global vision, and professional networks.
• Continuously updated to reflect the evolving business environment and the latest information on critical issues shaping the future.

Extensive Network Building
• Participants from across the United States and around the world.
• An annual cohort of 50-60 leaders representing 30-35 organizations and every functional area of the industry.
• A career-long resource for exchanging ideas, experiences, best practices, and perspectives.

World-Class Faculty
• Widely respected, influential energy industry and academic leaders.
• Access to an ongoing network of energy industry expertise.

Highest Value
• Over 80 hours with faculty.
• An efficient learning platform online allows self-paced, self-directed learning.
• All-inclusive fees, including instruction, course materials, lodging, meals, refreshments, and other special events.

“EEC was an unforgettable and enriching experience. It is incredibly well run and highly engaging with valuable emphasis on leadership development and substantive foundational knowledge. EEC also offers an unparalleled opportunity to network and build long lasting relationships with other executives in the energy industry from across the country.”

Katy Heth, Managing Attorney, Litigation and Claims Services, Salt River Project
“The Energy Executive Course not only provided relevant technical content and training, but its exercises on effective leadership, change management, and collaboration made this the most valuable development opportunity I’ve attended. The EEC is an excellent all-around program which taught skills I call upon often to enhance my leadership and the work I perform.”

Stuart Reilly, Chief of Staff, Austin Energy
Innovative

STRATEGICALLY DESIGNED CURRICULUM

The Energy Executive Course’s comprehensive curriculum helps participants build in-depth knowledge, leadership skills, a strategic mind-set, global vision, and professional networks. With over 80 faculty contact hours, and an online learning platform, the coursework offers a full immersion in the energy industry. A rigorous evaluation process ensures relevant and timely content.

New in 2022

Jerome Schmitz, Southwest Gas Corporation
Amy Shaw, Idaho Power Company
Gun Shim, Pacific Gas and Electric, Retired
Tony Tomczak, DTE Energy
Sayuri Yamada, PNM Resources

Rich Network of ENERGY LEADERS

The Energy Executive Course has trained 2,850 men and women from more than 156 companies in 17 countries. The range of professional fields represented by course participants includes technology, finance, engineering, marketing, general business, regulatory affairs, and environmental services. These leaders have risen in their organizations to become vice presidents, presidents, chief executive officers, and board chairs.

“As a relative newcomer to the energy industry, I feel I gained five to six years of ‘industry experience’ in a few weeks.”

Bill Leady, Asset Manager, Bonneville Power Administration
“The Energy Executive Course provides a 360 perspective through an engaging and collaborative environment, generating enthusiasm as colleagues from around the world discuss the future of energy and gain new insight from nationally recognized industry experts.”

Karen Cash, Manager, Coeur d’Alene Natural Gas Operations, Avista Corp.

**Ideal LIVING-AND-LEARNING ENVIRONMENT**

The Energy Executive Course is the premier executive program in the University of Idaho College of Business and Economics. All classes are held in the J.A. Albertson Building. The state-of-the-art classrooms have been specifically designed to support integrated, participant-focused teaching methods.

The Pacific Northwest is a beautiful and inviting region of the country. Moscow offers the convenience and charm of a small town with the university’s exciting panorama of activities. A vital part of our Northwest community, the University of Idaho is nestled in the heart of the Palouse, with its miles of rolling wheat fields and evergreens. Some of the nation’s most spectacular lakes, rivers, and mountains are within easy driving distance.

The peaceful retreat atmosphere encourages participants to focus on course content as well as professional interaction. To complement its curriculum, the Energy Executive Course offers several outstanding network-building opportunities.

The comfort of all participants is a major priority. Staff members are known for their attention to detail, ensuring that your stay is not only productive, but enjoyable.

Course participants stay just blocks from campus at the Best Western University Inn. Each participant enjoys the comfort and convenience of a private room with amenities that include wireless internet service, cable television, voice messaging, in-room coffee, microwave, refrigerator, and access to same-day laundry service.

Meals are served in a private dining room where our executive chefs design delicious and healthy meals noted for variety, quality, and presentation.

**ADMISSION AND FEES**

The Energy Executive Course is designed for experienced managers and executives who have attained, or are about to attain, significant general management responsibilities. Participants have demonstrated leadership capabilities and the potential to advance in leadership roles and have the endorsement of senior management to attend.

Any employee of an energy company with the potential to benefit from the course is welcome to apply. Our staff relies on the judgment of each company to select those individuals with the potential for growth in leadership responsibilities who will find the course most useful.

The 2022 Energy Executive Course will be held **June 11 - 23**. The registration fee of US $14,750 includes all instruction, books, and materials in addition to lodging, meals, refreshments, field trips, and other special events. Participants will also receive a Certificate of Completion and Continuing Education Units. A 50% non-refundable deposit is due at the time of application. To ensure the highest-quality educational experience for all participants, enrollment is limited. Please apply by March 1, 2022.
