The Summit hit it out of the park! The topics, venue, and organization were stellar.

Anne Jones, Vice President, Human Resources, MDU Resources

**REGISTRATION**

The Summit is designed for influential leaders and executives. Energy industry leaders are invited to register online at www.uieec.org.

**Details**

**Dates:** June 23-25, 2020

**Fee:** Includes instruction, materials, continuing education units, meals, and special events

- **Before March 23:** $2,095
- **After March 23:** $2,195

**Location:** The Coeur d’Alene Resort, Coeur d’Alene, Idaho

**Phone:** 208.885.6265

**E-mail:** uieec@uidaho.edu

**Website:** www.uieec.org

The Summit runs concurrently with the final week of the Energy Executive Course. (The 67th annual Energy Executive Course is June 14-25, 2020, on the University of Idaho campus in Moscow, Idaho.) Moscow participants will join the Summit cohort in Coeur d’Alene for the capstone presentations on Thursday, June 25. The final banquet and dinner cruise with advisory committee, faculty, and staff on beautiful Lake Coeur d’Alene will follow.

**Cancellations and Substitutions**

Please submit cancellations and requests for refunds via email by May 11, 2020. Refunds received by this date will be processed less a $150 administrative fee. No refunds will be made for cancellations after May 11, 2020. Substitutions will be processed for no additional fee and will be accepted until the first day of the program.

“The Summit is an excellent forum on the latest energy industry trends through an informed and knowledgeable set of speakers and a highly engaged group of attendees—very well done with great customer focus!”

Tom O’Brien, Vice President, Information and Technology Services, PJM Interconnection, LLC

A select group of C-suite panelists and key stakeholders will engage participants in dynamic discussion and debate about the transformational change taking place in today’s energy industry. Presenters include:

- President and Chief Executive Officer, NW Natural
- Chief Financial Officer, Sacramento Municipal Utility District
- Managing Partner, State Government Affairs, PJM Interconnection
- Senior Vice President and Chief People Officer, Energy
- Vice President and Chief Financial Officer, NorthWestern Energy
- President and Chief Executive Officer, Portland General Electric
- Vice President, Energy Delivery, Austin Corp.
- Vice President, Regulatory Affairs, Southern Company
- Partners Bix and Company, Inc.
- Vice President, Distribution, Southern California Edison
- Executive Vice President and Chief Customer and Innovation Officer, Xcel Energy
- Vice President and Chief Information Officer, OGE Energy Corp.
- Senior Vice President, General Counsel, and Secretary, Oncor Electric Delivery

Delivered in a sophisticated retreat setting, the Summit features industry thought leaders grappling with the challenges of the 21st century energy industry.

“The Summit hit it out of the park! The topics, venue, and organization were stellar.”

James Blanton, Director, Distribution Engineering, Oncor

Delivered in a sophisticated retreat setting, the Summit features industry thought leaders grappling with the challenges of the 21st century energy industry.

“Actively participating in the Summit provides an invaluable platform for the discussion of challenges we are all facing and is an excellent opportunity to network.”

James Blanton, Director, Distribution Engineering, Oncor

**ENERGY EXECUTIVE SUMMIT**

COEUR D’ALENE, IDAHO

**ANNUAL**

JUNE 23-25, 2020

COEUR D’ALENE, IDAHO
Leading Dynamic Transformational Change

The Summit is an executive forum designed specifically for energy leaders to provide up-to-the-minute information on critical issues shaping the future.

Shape the Evolving Energy Landscape
Explore how innovative utilities across diverse markets, regulatory environments, and geographies are collaborating to understand emerging technologies and business models to prepare for the utility of the future.

Energy Diversity and the Evolving Consumer Ecosystem
Leading expert Gregory Gutschneider examines how technology advances are prompting new ways to engage consumers in this increasingly diverse energy ecosystem.

Understanding Non-Traditional Stakeholders
A diverse panel of non-traditional industry stakeholders discuss the future and how they see energy delivered evolving. Topics include the changing customer landscape, new technologies, and how best to adjust business objectives across diverse stakeholders.

Strategic HR — Preparing the Workforce of the Future
A panel of human resource leaders examine challenges in the energy industry and the impact on the workforce. Topics include the digital workforce, culture and engagement, talent crisis, and the workforce of the future.

Legal and Regulatory Issues in the New Energy Marketplace
A panel of industry experts explore the legal and regulatory issues facing utilities in the new marketplace. Topics include solar, electric vehicles, community energy, microgrids, and storage, and home energy management.

Integrating Solar, Storage, and Microgrids
A panel of operations officers discuss the challenges of operating and coordinating a more complex grid with more information, distributed resources, and diverse customer expectations. Topics include managing a distribution system in transition, and balancing supply and demand by enabling more flexibility, adaptability, and responsiveness.

Savvy Competitors
Evolving Regulation
Innovative Business Models
Changing Customer Preferences
