

November, 2021

Registration is Open

Dear Music Educator,

Registration is open for our 2022 Lionel Hampton Jazz Festival, February 23-26! We will be hosting student adjudicated performances and educational workshops featuring some of today's finest artists and educators. We are expanding our world-class concert schedule to three nights including such artists as the Lionel Hampton Big Band, Jay Thomas, Yacouba Sissoko, Jay Gandhi, Chris Potter and NEA Jazz Master, Dee Dee Bridgewater. These will be concerts you won't want to miss!

We understand that travel access and restrictions vary from state to state and school to school. For this reason, the 2022 Festival will be in a hybrid format allowing students to participate either on the University of Idaho campus or remotely. Unsure if you will be able to attend at this point? Go ahead and sign up for the full, in person experience and if your plans need to change for any reason, we will work with you to get your registration switched to the virtual experience. Our goal is to create enough flexibility that everyone will be able to enjoy the Lionel Hampton Jazz Festival. We look forward to seeing you soon!

Sincerely,

The Lionel Hampton Jazz Festival Team
