

Meeting Core Discovery Requirements for students on the **2008-2010 University of Idaho Catalog**.

If a student ...	then they ...	Additional information
is missing one semester of Core Discovery,	may take the Integrated Seminar (ISEM) or an additional humanities or social sciences course to meet the 2008-2010 Core Discovery requirement.	Humanities and social sciences courses must come from the approved list available at: http://www.uidaho.edu/registrar/classes/core/ui2008
is missing one semester of Core Discovery,	may change to the 2011-2012 core.* Core Discovery will satisfy the ISem requirement, but will not count for humanities or social science credit.	Students who change to the 2011-2012 core and satisfy the ISem requirement with Core Discovery will have to complete six (6) credits of humanities and six (6) credits of social sciences from the approved list.
is missing both semesters of Core Discovery or received a grade of F in both semesters of Core Discovery,	must change their Core catalog year to 2011-2012 and complete the ISem course.*	The ISEM course will replace one F grade** in Core Discovery. The other F grade in Core Discovery will remain on the student's record. Students will be required to complete six (6) credits of humanities, and six (6) credits of social science. Change of Core Form available here: http://www.uidaho.edu/registrar/forms
wishes to replace one D or F grade in a Core Discovery course,	may replace one semester** of Core Discovery with an ISEM course and remain on the 2008-2010 <i>Catalog</i>	The ISEM course will replace a grade , but will not be counted toward humanities or social science requirements. Student will need to complete an additional course in humanities or social science to fulfill core requirements.

* Students who change Core catalog years will remain on the original catalog for degree requirements.

** For a student to replace a grade in Core Discovery, an advisor must contact the Registrar's Office (registrar@uidaho.edu) and clearly identify which course is being substituted for Core Discovery.
