THE TRAVELER
LITTLE GIRL IN A BIG WORLD

is the first thing which I think about when people ask me what I wasn't to do in the future: Travel!

been to 17 countries and I have so many memories from each of . When I was 17, I flew across the ocean for the first time. Alone. I was scared but I proved to myself that I can do it. And it is the same life. If I really want something, I do everything to achieve it even if it scares me.

I love travelling more than anything. Even though I don't have a favorite destination, I cannot wait to see what's next.

MEETING MY LOVE

I decided to tell this story because it has changed my life and future. It's the best thing that has happened to me. I was a party man and an open-minded boy who loved clubbing and the Bohemian lifestyle. I didn't want to study, and I never even imagined going to university.

Everything changed when I met my love. He improved me and I grew up after meeting him. I found a well-paid job. I moved into a flat in the centre of Prague and started studying for university entrance exams.

I'm a person who loves fashion, is creative and talkative, and I must be around and in contact with people. I love to sit in cafés and pubs and talk to friends and strangers. I love to travel and to discover.

DIFFERENT LIFESTYLES
PRAGUE VS. THE COUNTRYSIDE

I lived in Prague when I was a child. Then we moved to a small village. I lost my Prague friends and my life completely changed.

There are positive but also negative experiences. Now, I have been back in Prague since 2013. Prague is a city of history, culture, and all of which I love. But I have the experience of both a big city and a small village.
