## Tutoring and College Success

University of Idaho Administrators, Campus Partners, Faculty and Students,

Vandals Tutoring has always served students in the Second Floor of the Library with Free Drop-In Tutoring for all University of Idaho Students. When I became Tutoring Program Coordinator in Spring 2020, we have experienced tremendous growth in the tutoring services as we expanded services, hired more tutors and expanded online tutoring. We are proud to support all of our campus partners and students with high quality tutoring that focuses on *teaching students how to learn, and give them simple, straightforward strategies to use, we can help students can significantly increase their learning and academic performance.* It is lastly our goal to motivate students to become mentally tough lifelong learners through positive motivation, adjust their approach to learning in order to become self-directed learners and develop their social, emotional and intellectual abilities to maximize the impact of student's learning.

Here is a breakdown of all the services offered by Vandals Tutoring:

**Drop-In Tutoring** in the Library. Hours are Mon-Thurs. from 3:00-8:00PM.

**Appointments** are held both in-person or online over Zoom. An appointment is scheduled within 24-48 hours of the appointment request and will determined by both the tutor's and student's availability. An appointment can be requested Mon-Fri from 9:00AM-9:00PM. To request an appointment, go to: <https://www.uidaho.edu/tutoring/request-tutoring>

**My Vandals Personal Tutor.** This is a new service where you will be partnered directly with a tutor throughout the semester. Once you have the first hour long appointment, you can meet with your tutor as often as needed for the rest of the semester, email the tutor directly and get a response within 24-48 hours and any additional help you may need to help you pass your class.

**Workshops:** Workshops will be held throughout the semester to help you better understand assignments and prepare for exams. You will be notified via email when workshops are held each week and what they will cover.

As the University of Idaho returns this Fall as what we refer to as the "New Normal", Vandals Tutoring will aspire to do all we can to support all students at the University of Idaho. The data is clear that students who come regularly to tutoring get one grade higher in their classes then students who never come at all, making our tutors true Grade Difference Makers. We cannot promise or guarantee higher grades, but all adult education is self-motivated and it is our goal that all students who come to tutoring gain the confidence they need to complete and most importantly pass their classes.

## Vandals Drop-In Tutoring

Tutoring & College Success Supports students in their educational endeavors by providing academic success strategies through Tutoring. We are always on the lookout for energetic and capable tutors. Students who enjoy working with people, sharing knowledge and can empathize with students are encouraged to apply.

### Who can become a tutor?

Anyone who is a student at the University of Idaho can be a tutor. If you enjoy working with people, sharing your knowledge and can empathize with students, we want to hear from you.

### Requirements

Tutors must be able to:

- Show competency (received an A or B in subjects to be tutored)
- Provide instructor recommendation
- Communicate effectively
- Complete tutor training

### What are the benefits of tutoring?

- Flexible hours for busy students
- Learning more through tutoring the subject
- Excellent addition to resume, scholarship or job application
- Satisfaction of helping others
- Improve communication skills
- Share skills and knowledge with others
- Competitive wages
- Being a positive influence on the success of students
