Subject: Request for Proposals No. 23-10M ~ P3 Legal Services

This letter will serve as Addendum Number One to RFP No. 23-10M. Here are vendor questions and answers:

1. Question 2.2.E of the RFP Response Outline requests itemized costs for all components but 5.1.5 of the Evaluation Criteria states hourly rates. Could you please confirm that only hourly rates are being requested for the cost proposal and not itemized costs? Hourly rates only; 2.2 E. does not apply.

2. Question 2.2.F of the RFP Response Outline ask for warranties. Is this applicable to this scope of work? Does not apply for this RFP.

3. 5.1.2 of the Evaluation Criteria asks for financial services regulatory law. Could you please further explain that portion of the scope of work and specifically what type of financial services regulatory law?

   Depending upon the financial structure proposed by developers, the University may need legal advice on areas such as SEC and IRS regulations, etc. If, in your experience, you think this type of expertise is unlikely to be required, please provide a brief explanation.

4. As a legal services provider, it appears Section F: Warranties on page 6 of the RFP will not apply to our firm. Can you confirm or provide greater detail or clarification on this section? Does not apply for this RFP.

All RFP terms and conditions remain unchanged. Addendum acknowledgement should accompany your proposal. If you need additional information, please e-mail juliam@uidaho.edu.

Thank you for your interest in the University of Idaho.
