Automatic Adjustments to U3 Fund Budgets – Cheyenne Smith-Sarkkinen
Attached is a handout with information on the new proposed monthly process to automatically adjust U3 fund budgets if they can be increased. Departments can send feedback to budget@uidaho.edu. If anyone would like to have specific budgets or midlevels excluded, they can also let us know at budget@uidaho.edu. The planned implementation date would be after February (period 8) closes. Please have all feedback and exclusion requests sent to the Budget Office by February 28th, 2017.

Governor’s Budget Announcement/Updates – Trina Mahoney
The Governor’s State of the State and Budget Address happened on January 9, 2017 and the Governor did recommend a 3% CEC which equates to approximately $2 million in new state funding for the Gen Ed budget. The CEC process for the UI will be different this year because of the work that Wes Matthews and HR are doing for the Market Based Compensation model. These new state funds will likely be used at least in part to help accomplish the Market Based Compensation goals. In addition to CEC, funding was also allocated for Ag Research and Extension graduate support, the UI Research Dairy (Center for Agriculture, Food and the Environment = CAFÉ), Computer Science in CDA, WWAMI renovations and equipment, building operations and maintenance as well as replacement equipment for Forest Utilization and Idaho Geological Survey. These allocations come to us primarily in response to our state budget request submitted last fall. Next steps include presentations to the Joint Finance and Appropriations Committee (JFAC) of the Legislature on January 25th. Later this spring final funding decisions will be made and appropriation bills will be drafted and signed by the Governor thereby implementing our FY2018 state funding allocations.

Controller’s Office Announcements/Updates
Linda Campos: Spread Pay
Linda Campos confirmed that more information about Spread-Pay Election forms will be sent out before the end of January and follow up would happen through the Controller’s office, Budget office and Human Resources to ensure that everyone who needs to fill out a form will be notified. It was recommended that those on spread pay be reminded that this is the last year to receive the $1000 incentive for switching to standard pay.
