August 2017

A Word From Our Pro

I am pleased to announce that over the next couple weeks we will be interviewing finalists for the position of superintendent. We had a strong pool of applicants and are encouraged with the potential in improvements moving forward. I can't be happier with the performance of the grounds crew maintaining the playability of this golf course with extremely limited resources during this tumultuous time. It is my hope that we are turning the corner to a higher level of sustainability at the golf course that will increase the enjoyment and playing experience for all of our patrons.

Doug Tyler, PGA
Director of Golf, University of Idaho Golf Course

Word from the Grounds Crew

It's that time of year again and the wasps are aggressive and building nests. Be especially careful around standing water or burrowing animal holes, trees and buildings where they love to build. Report nest locations to the pro shop, and we'll deal with them.

Also — a shout out to Elmer Johnson in facilities for keeping the water supplied to our irrigation system. Thanks to his efforts, we have been able to keep up with our water needs.

Finally, patrons have been doing a good job replacing divots and repairing ball marks. Keep up the great work.
