## A Word From Our Pro

Even though spring is late, course improvements continue. Below, Travis and his crew are pictured using the "Course Improvement" sod cutter to re-sod an area adjacent to #8 green. Earlier this year, Travis used a Mini Excavator to prune the roots that were encroaching on #8 green, jeopardizing the turf's health. There are many teeing areas and greens throughout the golf course that suffer from this scenario. As resources are available, we will continue our efforts to mitigate this issue. In the meantime, things are drying out a bit, so carts will be available unless inclement weather makes them too dangerous to operate. Come on out and play!

Speaking of which, the results just came in, and I want to be the first to congratulate Loren for his 1<sup>st</sup> place tie at the first official Inland Empire Pro/Am held at the Clarkston Golf and Country Club. Loren shot an even par 72 on a very cold and windy, 30+ mph day. Loren put in a lot of work in the offseason on the simulator, and it's exciting to see it pay off so quickly. On the Amateur side, Brant Lovell, a participant in the winter league here at the University of Idaho golf course, finished tied for 2<sup>nd</sup> at the Clarkston and Lewiston Pro/Am after shooting a net 72 both days. If the simulator helped Loren and Brant achieve these results, just think what it could do for your game. Loren and Michael still have spots open for future Pro/Ams, so if you are interested, please contact the golf shop for more details.

Doug Tyler, PGA

Director of Golf, University of Idaho Golf Course
