IMPORTANT:

All students admitted to the University of Idaho are provided instructions on how to establish their U of I Vandal Mail e-mail account. Most correspondence is electronic and will **only** be sent to the Vandal Mail account.

Establishing your Vandal Web Accounts

As a student, you are provided with a University of Idaho account login, called your "NetID." You will set up your account and password [online](#). This account provides access to all University services including email, Student Financial Aid & Scholarships, Registration, Student Accounts, and more.

If you need assistance going through this process, please contact the Student Technology Center by phone at (208) 885-HELP (4357).

Financial Aid on the Web

<http://www.uidaho.edu/financial-aid>

Once you complete the Vandal Setup process, you can view, accept or decline your financial aid awards online, starting February 2022.

Simply enter the URL shown above, hover over the I WANT TO menu on the right, click on "**Check Aid**" and enter your Net ID and Password. From there, click **Student Financial Aid & Scholarships > Review / Accept / Decline Awards > Select 2022-2023 > Accept Award Offer**.

Use the Student Financial Aid Services website to:

- *Apply for aid through the [Apply for Aid](#) link.
- *Use the [Check Aid](#) option to login to your Vandal Web. Once logged in select "**Financial Aid & Scholarships**", "**Review/Accept/Decline Award**", choose the appropriate award year and once again choose "**Review/Accept/Decline Award**".
- *Use the convenient [Contact Our Team](#) link to obtain telephone numbers and e-mail addresses.
- *Stay current on important news under the **Highlighted Events** heading.
- *Learn more about different [Types of Aid](#).
- *Download financial Aid [Forms](#).
- *Explore a variety of other tools under the "**QUICK LINKS**" menu.
- *Stay informed about current topics related to financial aid.

Understanding Your Aid Offer

Your aid offer is based on several factors. We offer students the maximum amounts available at the time their awards were processed, using information from the Free Application for Federal Student Aid (FAFSA), the University of Idaho cost of attendance (COA), and funding from other resources. The key factors in determining your award are:

Expected Cost of Attendance at U of I:

The COA is an *average* of what it costs to live and attend school at the Moscow campus. A COA includes five elements: tuition and fees, housing and meals, books and supplies, miscellaneous costs, and transportation. Each student's **actual** costs will differ depending on personal choices. Students may appeal their cost of attendance in writing if they have unusual costs. If a COA is adjusted, the new COA will be used for federal, state and institutional funds. COA will be reviewed and adjusted for students with a half-time or less-than half-time enrollment status until the census date, which may result in some of your awards being reduced. We may also adjust COA during the year due to residency or program changes (refer to pages 10-11, "Changes to your Awards").

Expected Family Contribution: (student and/or family)

The Expected Family Contribution (EFC) is a measure of financial strength and is calculated according to a federal formula. The information reported on your FAFSA is used to calculate your EFC: taxed and untaxed income, assets, benefits such as unemployment or Social Security, family size, and number of family members attending college. This number is used to determine your federal student aid eligibility and financial aid award.

Note: Your EFC is **not** the amount of money you and your family are expected to pay toward college **nor** is it the amount of federal student aid you will receive.

Other resources:

Outside resources that help defray educational expenses are considered when determining eligibility for federal aid. Common resources are outside scholarships, ROTC, AmeriCorps proceeds, tuition and/or fee waivers, athletic grants, Vocational Rehab, and Assistantship programs. These resources may impact your eligibility for other financial aid and lead to award adjustments. If you receive any outside assistance, **it is your responsibility to notify Student Financial Aid Services**. Failure to notify our office of these resources could result in a reduction of aid after your residual check has been released to you. Review the resources listed on your Aid offer to ensure the accuracy of these amounts. Please see the "Changes to Your Awards" section of this Guide (on pages 10-11).

Maximum need-based eligibility:

To obtain the "maximum need-based eligibility" for financial aid, your EFC and other resources are subtracted from the expected COA. We attempt to fund total eligibility from various aid programs. Due to limited federal funds or other restrictions, we are sometimes unable to accomplish this.

Financial aid cannot exceed your cost of attendance and may be refunded to remain within this limit; certain aid programs may replace the EFC, such as Federal Direct Parent PLUS/Graduate PLUS Loans and Federal Direct Unsubsidized Loans.

Work Study: Federal (College) and/or Idaho

This award is available to qualifying undergraduate students who demonstrate significant financial need (determined by EFC). Work study funds are extremely limited; for consideration students must submit their FAFSA by our December 1st priority date and answer “yes” to question #31.

If Work Study funds are offered to you, "College Work Study" or "Idaho Work Study" will be listed on your aid offer. You may earn up to the awarded amount during the academic year, and you will arrange the details of your work schedule with your supervisor. If you “accept” your Work Study award, you will be prompted to log into Handshake, complete your profile, and apply for work study positions you are interested in and meet the basic requirements for. The supervisor will interview and hire their preferred candidates; we recommend you apply for multiple positions, as you may not be hired by your first choice.

Part-time jobs other than Work Study

For those not awarded Work Study, the Job Location Office (located in Student Financial Aid Services) can help find jobs on and off campus. For information on job postings, email jobs@uidaho.edu.

Ben O. Braham Loan

This loan is available only to graduates of Kellogg High School in Kellogg, Idaho. The amount available to borrow is typically \$1,000 - \$2,000. There is a nine-month grace period after you cease to be enrolled full-time, and the 3% interest rate is deferred until repayment begins.

Federal Direct Loans

These loans are available to students enrolled at least half-time in a degree-seeking program (6 undergraduate credits and 5 graduate or Law credits). Students ineligible for the Direct Subsidized Loan often qualify for all or part of the annual loan limit in the Direct Unsubsidized loan. Students should accept the Direct Subsidized Loan prior to accepting Direct Unsubsidized Loans.

Your aid offer will provide additional information about your 2022-2023 loans. You may not borrow beyond the annual loan limit, based upon cumulative earned credits (see Table 1 below). To request a change to your accepted loan amount or if your grade level has increased, send an email from your @vandals.uidaho.edu email address to finaid@uidaho.edu.

Table 1. Annual Direct Student Loan Limits

Annual Loan Limits	Credits	Dependent Students* Total Subsidized / Unsubsidized Loan Eligibility	Independent Students Total Subsidized / Unsubsidized Loan Eligibility
Undergraduates: 1 st Year	(0-25 cr)	\$3,500/\$2,000	\$3,500/\$6,000
2 nd Year	(26-57 cr)	\$4,500/\$2,000	\$4,500/\$6,000
3 rd Year and beyond	(58+ cr)	\$5,500/\$2,000	\$5,500/\$7,000
Graduate or Law		\$0/\$20,500 (Unsubsidized only)	

*Dependent limits are lower since parents have an option to borrow the Direct PLUS Loan to defray students' educational expenses.

Aggregate Borrowing Limits:

\$31,000 (Dependent Undergraduate)

\$57,500 (Independent Undergraduate & Dependent Students whose parents can't get PLUS)

\$138,500 (Graduate & Professional Students - includes Undergraduate Loans)

Federal Direct Subsidized Loan

Undergraduate students with financial need who are enrolled at least half-time are eligible to receive a Direct Subsidized loan. Interest rates are available [here](#). A 6-month grace period begins when the student drops below half-time enrollment; loan repayment begins at the expiration of the grace period. No interest accrues while the borrower is enrolled at least half-time, during the grace period, or during a deferment.

Federal Direct Unsubsidized Loan

Undergraduate and graduate students who are enrolled at least half-time are eligible to receive a Direct Unsubsidized loan. Interest rates are available [here](#). A 6-month grace period begins when the student drops below half-time enrollment, and loan repayment begins at the expiration of the grace period. Interest begins accruing while the student is in school; choosing to repay interest while attending school results in savings to the student.

Federal Direct Graduate PLUS

Available to degree-seeking graduate students who are enrolled at least half-time and have exhausted their annual Direct Unsubsidized Loan eligibility. The student must pass an annual credit check conducted by the U.S. Department of Education. Please see the “PLUS Loan Credit Counseling” section on the next page for additional requirements. There are no annual or aggregate limits for a Graduate PLUS loan, but the loan amount cannot exceed the COA remaining after subtracting resources and Unsubsidized Loan funds. Interested students should begin the application process [here](#). If the student has not already completed a Master Promissory Note for the Graduate PLUS, that can be done [here](#). The loan will be placed into **deferment** while the student is enrolled at least half-time and for six months after dropping below half-time status. Interest begins accruing while the student is in school. Additional information is available on our [webpage](#).

Federal Direct Parent PLUS Loan

Available to parents of dependent undergraduate students who are enrolled at least half-time in a degree-seeking program. Either biological or adoptive parents may borrow on behalf of a student; step-parents may only borrow if their information was provided on the FAFSA. The parent borrower must pass an annual credit check conducted by the U.S. Department of Education. Please see the “PLUS Loan Credit Counseling” section on the next page for additional requirements. The parent may borrow up to the student’s remaining COA after financial aid and other resources have been subtracted. Interested parents should begin the application process [here](#). If the parent has not already completed a Master Promissory Note for the Parent PLUS, that can be done [here](#). Interest begins accruing while the student is in school. Additional information is available on our [webpage](#).

Other Loan Requirements

Direct Loan Entrance Counseling

First time Direct Loan borrowers are required to complete [entrance counseling](#) prior to the disbursement of their funds. We recommend you complete entrance counseling at the time you accept your loan(s). To avoid a delay in the disbursement of your loan funds this should be completed three weeks prior to the beginning of your first semester.

Master Promissory Note for the Federal Direct Subsidized and Unsubsidized Loans

First time Direct Loan borrowers are required to complete a [Master Promissory Note](#) (MPN) prior to the disbursement of their funds. This MPN is valid for ten years; a student who pursues a loan after the expiration date will be required to complete a new one. We recommend you complete the MPN at the time you accept your loan(s). To avoid a delay in the disbursement of your loan funds this should be completed three weeks prior to the beginning of your first semester. This MPN is valid for all Direct Loans at the undergraduate and graduate level at U of I. If you accept loan(s) on Vandal Web, complete the MPN and loan entrance counseling, and are enrolled at least half time, your funds will disburse to your UI account at the beginning of the term.

PLUS Credit Counseling

PLUS borrowers who 1) are initially turned down for the PLUS loan and successfully appeal their credit, 2) are eligible because of extenuating circumstances, or 3) attain an endorser are required to complete [PLUS credit counseling](#) prior to the disbursement of their funds. We recommend you complete credit counseling once you are notified of the credit decision. To avoid a delay in the disbursement of your loan funds, this should be completed three weeks prior to the

beginning of the first semester covered by the loan.

Note: PLUS Credit Counseling is required **each year** a borrower meets the above criteria.

Master Promissory Note for the Direct PLUS Loan

The approved borrower will need to sign a Master Promissory Note (MPN) in order to receive funds from the **first** Federal Direct PLUS Loan at the University of Idaho. This MPN is valid for ten years unless a co-signer is required; a borrower who pursues a loan after expiration of the MPN will be required to complete a new one. Graduate or Parent PLUS borrowers will complete the MPN electronically using their FSA ID. In order to avoid a delay in the disbursement of your loan funds, this should be completed three weeks prior to the beginning of the student's first semester. If the loan is accepted on Vandal Web, the MPN and credit counseling (if required) are complete, and the student is enrolled at least half time, funds will disburse at the beginning of the term.

Direct Loan Servicers

All students who receive federal Direct Loans will have an assigned loan [servicer](#). A loan servicer is a company assigned to handle the billing and other services on your federal student loan at no cost to you. Your loan servicer will work with you on repayment options (such as income-driven [repayment plans](#) and [loan consolidation](#)) and will assist you with other tasks related to your federal student loans.

Keep your contact information up to date so your loan servicer can help you stay on track with repaying your loans. If your circumstances change at any time during your repayment period, your loan servicer will be able to help.

Scholarships

Scholarship Universe

Future students who apply for [admission](#) by December 1st receive priority consideration for merit-based scholarships.

All students who wish to be considered for **need-based** scholarships and federal financial aid must complete a [FAFSA](#) annually. Need-based scholarship funds are limited; students should submit their FAFSA by our December 1st priority date for full consideration.

Scholarship selection is based on the student's current academic record and enrollment status at the University. Factors such as major, cumulative GPA, SAT or ACT scores, residency, class level, and financial need will be considered. A change in student status (e.g. changing college majors) may affect eligibility for an awarded scholarship. U of I scholarships are awarded with the expectation the recipient will be a full-time degree-seeking undergraduate student.

Scholarship recipients are required to meet certain enrollment requirements before scholarship awards are disbursed. By accepting or receiving funds, the student certifies funds will be used for educational purposes. In accordance with university policy, **scholarship awards and other gift aid cannot exceed the cost of attendance**. See the section "U of I Scholarships and the Cost of Attendance" below for details.

Consortium agreements temporarily allow U of I degree-seeking students with special circumstances to continue

receiving U of I financial aid and scholarships while attending another University. Scholarship recipients who submit a consortium agreement will be asked to explain their reasons for attending another school and to provide information about their future enrollment plans. Once this information is received by Registrar, Student Financial Aid Services will determine the student's eligibility for scholarship disbursement on a case by case basis.

Scholarships may be re-awarded throughout the year as funds become available.

Students who are receiving scholarships from outside the University should request funds be sent to Student Financial Aid Services at 875 Perimeter Drive, MS 4291, Moscow, ID 83844-4291.

U of I Scholarships and the Cost of Attendance

University of Idaho will not award scholarship funds over the established cost of attendance; the combination of U of I scholarships, financial aid, and other resources cannot be greater than the COA. Students receiving federal funds will have funds reduced in the federally mandated order in an effort to fund the student in the most advantageous manner. University of Idaho scholarship funds awarded above the COA will be cancelled and re-awarded to other deserving students.

Changes to Your Awards

Certain situations could cause your financial aid award to change during the academic year. These situations include, but are not limited to, the following:

- a. You make a correction to your FAFSA which changes your EFC;
- b. We make a change to your FAFSA as a result of information received;
- c. Your residency status changes;
- d. Your marital status has changed and changes your dependency status;
- e. The grade level you report on your FAFSA differs from that shown by the Registrar, changing your loan eligibility;
- f. Your enrollment changes from the anticipated credit load (i.e., full-time to part-time);
- g. You receive a Financial Aid Suspension or academic disqualification that is not waived; or
- h. You receive or lose a resource. See "Other resources" on page 5.

If your family income has changed since 2020, please submit either form A3 (parent appeal) or A4 (student appeal) and any requested documentation. Examples of income changes include but are not limited to: a permanent change of income or benefits; a significant medical/dental expense not covered by insurance; and a disability or natural disaster that prevented you or a parent from earning your usual income.

If your financial aid awards are revised, you will receive an email from our office directing you to Vandal Web to view the changes. Messages will be included on your [notifications](#) on your Vandal Web. **Please keep all Award Notifications so you can compare them.** From our home page hover over the I WANT TO menu on the right, click on "Check Aid" and enter your Net ID and Password. Once logged in select "Financial Aid & Scholarships", "Review/Accept/Decline Award", choose the appropriate award year and once again choose "Review/Accept/Decline Award".

In some cases, revisions could require you to repay some or all of the federal funds you have already received. If you have questions, please contact our office.

Verification

The University of Idaho has established December 1st as the “priority date” for both FAFSA submission and application for Admission. All students who meet this priority date will be considered for campus based aid such as Work Study and the Federal Supplemental Educational Opportunity Grant (SEOG) even if verification is not completed by that date.

During verification, Student Financial Aid Services will ask you to supply copies of documentation (e.g. signed federal income tax returns, non-tax filer statements, W-2 statements, etc.) to ensure the accuracy of income data submitted on the [FAFSA](#). Financial aid administrators are required to ask for any documentation deemed necessary to complete this process. If a family refuses to supply documentation, we are prohibited from disbursing federal student aid to the student.

Verification is not a forensic tax audit. However, we cannot process requests for professional judgment or disburse federal student aid until the verification process is complete. We encourage students to submit required documentation as soon as possible upon notification.

The set of data elements potentially subject to verification may change from one year to the next. Data elements currently subject to verification include adjusted gross income, taxes paid, several untaxed income items (untaxed IRA distributions, untaxed pensions, education credits, IRA deductions, and tax exempt interest), household size, number in college, and identity.

If an applicant used the [IRS Data Retrieval Tool](#) to transfer federal income tax return data to the FAFSA, transferred data elements do not generally require additional verification. Accordingly, applicants who use the IRS Data Retrieval Tool are less likely to be selected for verification.

Student Financial Aid Services has established the following timeframes to submit verification documents:

1. Federal Grants

For Pell Grants and SEOG, the deadline to submit documents is the September 1st after the end of the academic year OR 120 days after the student’s last date of enrollment, whichever is earlier.

2. All other aid

For Direct Student Loan eligibility (Subsidized, Unsubsidized, Parent and Graduate PLUS loan) and other U of I loan funds (BOB, Vandal Loan), a student must submit all required verification documents 30 days prior to the conclusion of the semester for which they want to receive funds.

Students who do not meet the time frames outlined above are ineligible for federal financial aid for the semester. If a student is selected for verification, is no longer enrolled at the University of Idaho, and all disbursements have been made, no documentation will be required.

Once all documents are submitted to our office and have been determined to complete the request (i.e. all signatures, no conflicting information, etc.), we will review within 2-4 weeks during normal processing periods. During peak activity times (historically the months of July, August, and January), processing time may be extended.

Students are notified via Vandal Web and Vandal Mail of initial or updated awards. Notifications are sent weekly; however students can check the current status of documents and awards through Vandal Web at any time.

Enrollment and Billing

By registering for classes you are creating a financial obligation to the University of Idaho. If you register and decide not to attend, you **must** drop all courses to avoid being billed and receiving a grade. The University does not drop

students from courses for non-payment.

Your billing statement includes only aid for which all requirements have been completed. For example, Pell will show once you are registered, while loans show once the application process, MPN, and any required counseling are completed.

Funds Availability

Financial aid funds cannot be disbursed until all required documents have been submitted to Student Financial Aid Services. Students who plan to attend full-time should be enrolled in full-time credits before the first day of classes. If any financial aid award is based on full-time enrollment (Pell, SEOG, and scholarships), you **must** have at least full-time credits at the close of business on the census date (10th day of classes) of each term to retain all awarded aid.

Acceptance of the "gross amount" of the loan on your aid offer will result in a payment of the "net amount" (gross amount minus origination fees) appearing on your student account. If you initially accept a loan and later decide you need a different amount, please notify Student Financial Aid Services within 120 days of the disbursement. Email finaid@uidaho.edu with questions about canceling your loan. If the loan is cancelled after you have received excess funds from your student account, you are responsible for repaying the funds you received.

Questions regarding financial aid awards should be discussed with Student Financial Aid Services Office at 208-885-6312 or toll-free at 1-888-8UIDAHO (1-888-884-3246).

Disbursement of Financial Aid

Disbursement of your financial aid is the final step of the application process. All financial aid is disbursed to your U of I Student Account and is applied first toward University charges. These include tuition & fees, housing & meals (if you live in a residence hall or purchase a Vandal meal plan), and SHIP charges (unless you complete the waiver each semester).

Student Accounts will send one paper billing statement to **NEW** students their first semester. In subsequent semesters, students receive an email informing them how to access billing statements on Vandal Web. Fees are assessed prior to the start of each semester; fall semester bills will be sent in July and spring semester bills will be sent in early January. A convenient way to confirm and pay your account is to go [on-line](#) (click "Student Account Information" and then "Student Accounts Center").

Questions regarding your bill should be discussed with Student Accounts at 208-885-7447 or toll-free at 1-888-8UIDAHO (1-888-884-3246).

Receiving Your Residual Funds

The Student Accounts Office processes all excess funds. If total financial aid funds exceed the University charges on your student account, excess funds will be given to you. This process will be expedited by enrolling in direct deposit. Students can sign up through a [simple process](#) by clicking on "**Direct Deposit Sign Up**" on the left hand side of the page and entering the necessary information. Accounts without direct deposit will have checks mailed to them. For questions, call the Student Accounts Office at 208-885-7447.

Students who opt for direct deposit may be able to access funds the Friday prior to the first day of class; those who do not sign up for Direct Deposit receive mailed refund checks beginning the first day of class. This process continues on a weekly schedule throughout the semester to accommodate changes in financial aid awards.

For the 2022-2023 academic year, the fall semester begins on Monday, August 22, 2022 and the spring semester begins

Wednesday, January 11, 2023.

Census Date *IMPORTANT*

On the tenth class day of each semester at 5:00 p.m. (PT), student enrollment credits are “locked” and any disbursed financial aid evaluated against this locked credit load. If you add or drop classes, ALWAYS ADD BEFORE YOU DROP. If you are required to get an instructor’s signature to add, you must complete the process with the Registrar’s Office before 5:00 p.m. on census day. Wait-listed courses DO NOT count toward enrolled hours.

This is particularly important for Pell Grant recipients, as they lose Pell Grant funds if not enrolled full-time. Students enrolled half-time or less-than half-time will have their COA budget adjusted, which may result in the loss of loans and/or other financial aid. Students who are not enrolled full-time when credits are locked but later add credits can submit an appeal to have loan or scholarship awards reinstated; ***Pell Grant funds CANNOT be reinstated even if an appeal is granted.***

Letters of appeal explaining why you were not enrolled in sufficient credits at the close of business on census day should be directed to Student Financial Aid Services – finaid@uidaho.edu.

Students' Rights and Responsibilities

Right to Appeal

You have the right to appeal decisions and changes that impact your financial aid. Please submit signed appeals to Student Financial Aid Services.

Release of Information

Information regarding financial aid cannot be released without the student’s written permission. Similarly, parental information will not be released to the student without written permission from the parent(s). The most recent Consent to Release Student Information form supersedes all previously submitted Consent to Release Student Information forms. A Consent to Release Student Information form is available in this guide on page 17 or you can download the [form](#).

In-School Loan Deferments

If you have outstanding Perkins, Stafford, or Federal Direct Loan funds, an in-school deferment may be available. Parent PLUS borrowers may request deferment during the loan application process. Loan deferments require an official enrollment verification certificate, which can be found on your Vandal Web after the start of the semester. Visit this [page](#) for detailed instructions. For more info, contact Registrar.

Address Changes

The database used by the University of Idaho maintains several physical addresses for you. **You are responsible for keeping these addresses current.** Mailing address updates can be made through your [VandalWeb](#) account. Log in and select “**Personal Information/Address Menu**”, then click “**Update Address (es) and Phone (s)**”. Please ensure your personal email address remains current by selecting “**Update E-mail Address (es)**”.

Satisfactory Academic Progress - Financial Aid Suspension

Students receiving financial aid are required to make Satisfactory Academic Progress (SAP) toward a degree. SAP involves three basic criteria: U of I Grade Point Average (GPA), completing 67% of cumulative attempted courses (PACE), and graduating before exceeding 150% of required coursework (MAX). For complete details on Satisfactory Academic Progress, visit our information page [here](#).

Should you need to submit a [Petition for Financial Reinstatement](#) form, complete sections A through D and send it to your college of study. They will complete section E and submit to Student Financial Aid Services for processing.

Pell Grant and Class Participation

If you are a Pell Grant recipient, your initial award is based on your enrollment status at 5 p.m. (PT) on the census date; to maintain this award you must be able to document attendance in all classes. If you withdraw from a class and fall below the enrollment status for which your Pell Grant was paid, the faculty member must provide written confirmation that you participated in an academic activity. If they indicate you did not participate in a class activity, your Pell Grant will be reduced and your student account will be charged for the amount of the reduction. You are encouraged to have the faculty member e-mail Student Financial Aid Services with this information.

If you fail a class, you must have participated in an academic activity for that class or you will be required to repay some Pell Grant funds. When a faculty member officially reports the failing grade, they record your last day of attendance for the class. If the faculty member indicates you did not attend or participate in a class activity, your Pell Grant will be reduced and your student account will be charged for the amount of the reduction.

Withdrawals

If you withdraw from all classes during a semester, the financial aid awarded to you may be reduced and a repayment of financial aid may be due. Attempting but not earning credit during a semester may cause you to fail the PACE criteria for SAP and be placed on financial aid suspension.

If you receive all “F’s” for a semester because you didn’t notify either the Registrar or Student Financial Aid Services that you were not attending classes, you will be treated as an “Unofficial Withdrawal”. Unofficial withdrawal can result in a significant balance owed to the University and triggers your loan grace period. **If you withdraw during the fall semester, please inform Student Financial Aid Services if you plan to enroll for the spring semester.**

Loan Exit Counseling

Once a student drops below half-time status, they are notified about federally required Exit Counseling. We send notifications of this requirement to our upcoming graduates at the beginning of every semester. Students are encouraged to complete on-line [Exit Counseling](#) for their Direct Loans.

If you received a Perkins loan please contact the Student Loans office at studentloans@uidaho.edu. They will email you the instructions to fulfill the Perkins Exit Counseling requirement. You must complete the Perkins exit to register or receive your transcript and diploma.

Loan Repayment

Remember, federal student loans must be repaid even in difficult financial circumstances. Once your federal loan servicer is notified you are no longer attending at least half-time, they send correspondence about selecting a payment plan and notify you of the date your first payment is due. You are responsible for staying in touch with your servicer and making your payments even if you do not receive a bill.

To find your federal loan servicer, log in to StudentAid.gov.

NEVER ignore delinquency notices from your loan servicer. Contact your servicer immediately if you are unable to pay on time or are experiencing difficulty making the full payment. If you don't make monthly loan payments you will become delinquent on your student loan and risk going into **default**. If you default, the entire outstanding loan amount (plus fees and penalties) is due immediately. To recover this debt, the federal government will withhold your federal income tax refunds and can garnish your wages. Defaulted federal debt will negatively impact your credit score for at least seven years.

Your monthly payments and the length of time it takes to repay your loans will vary depending on the [repayment plan](#) you choose. Deferment and forbearance offer a way for you to temporarily postpone or lower your loan payments when you're back in school, in the military, experiencing financial hardship, or in certain other situations. In circumstances such as certain kinds of teaching service, public sector employment, or total and permanent disability, your obligation to repay your **federal** student loan may be [forgiven](#).

For additional information and helpful links, please visit this [site](#).

Questions and Answers

"I don't live with my parents; why do I need to submit my parents' income information on the FAFSA?"

Federal student aid programs assume it is primarily your family's responsibility to pay for your education. Because a dependent student is assumed to have parental support, parental information provides a complete picture of the family's financial strength. If you're a dependent student, it doesn't mean your parents are required to pay anything toward your education; this is a consistent way of looking at everyone.

"I applied for and received federal financial aid when I was a freshman, but since then I have not heard anything from Student Financial Aid Services. Why?"

You must complete a new FAFSA every academic year in order to receive federal financial aid. If you do not complete a new or renewal FAFSA annually and include our school code (001626) we don't know you want to receive federal financial aid. To receive priority consideration for all federal funds, the federal processor must receive your FAFSA by December 1st of each year.

"Can I get financial aid in the summer? How will I know what I am eligible for?"

Summer financial aid loan funds are limited and typically consist of remaining annual loan eligibility or Parent PLUS funds for dependent undergraduate students. Pell eligible students will receive additional Pell funds for the summer session if they enroll in at least 6 credits. You must have a processed FAFSA on file for the academic year prior to the summer you plan to attend (i.e. complete the 2021-2022 FAFSA for summer 2022). Pell funds are automatically awarded; if you want to be considered for loans the Summer Aid Application in Vandal Web will be available shortly after Spring Break.

"Can I have my financial aid paid to another school?"

Awards cannot be transferred from school to school. If you plan to attend another school, you must add their school code to the FAFSA. Your new school will determine your eligibility based on funds they have available. We recommend you contact the financial aid office of the school you plan to attend for additional requirements. Please notify our office of your change in plans so we can cancel your aid at the University of Idaho.

"I have questions about my child's/spouse's financial aid. Why won't you give me information?"

Due to the Family Education Rights and Privacy Act (FERPA), we are unable to disclose information about a student's financial aid records to anyone without written consent from the student. We can only release information to the person(s) listed on the most current signed Consent to Release Student Information form (see page 18) received from the student.

"What if my 'Family' income changes?"

You can submit an [appeal](#) (A3 or A4 depending on whose income changed), documentation, and signed letter to Student Financial Aid Services explaining your current financial situation. The letter must be signed by the person whose income has changed from the amount reported on the FAFSA.

"If I decide not to attend the University of Idaho after I receive my aid offer, what do I do about my financial aid?"

If you will not attend, please let us know as soon as possible. If you are not registered for classes, contact Student Financial Aid Services at 208-885-6312 or finaid@uidaho.edu. If you are registered for classes, complete the [Request Cancellation of Classes](#) form to ensure you are not charged tuition and fees.

Work Study General Information

APPLICABLE ONLY TO STUDENTS AWARDED WORK STUDY

Students who are awarded Work Study funds will be notified via their official award notification. You may earn up to the awarded amount during the academic year, and you will arrange the details of your work schedule with your supervisor.

If you “accept” your Work Study award, you will receive an email requesting you log into Handshake, complete your profile, and apply for work study positions you are interested in and meet the basic requirements for. The supervisor will interview and hire their preferred candidates; we recommend you apply for multiple positions as you may not be hired by your first choice.

The work study application and hire process will closely mirror the process you will face once you begin searching for internships and post-college positions.

Please address work study questions to Student Financial Aid Services at 208-885-6312 or finaid-workstudy@uidaho.edu.

YOU MAY NOT START WORK PRIOR TO AUGUST 22, 2022

BRING ACCEPTABLE ID

Human Resources is required to verify your identity and work eligibility with one or more of the documents listed on page 4 of the [I-9 Form](#). You must complete an I-9 form and receive a Work Authorization Card prior to starting work. If you received a UI Work Authorization Card within the past three years you do not need to renew it.

Contact Human Resources at (208) 885-3638 with any questions or to receive a duplicate.

WS EARNINGS ARE TAXABLE INCOME

If you file an income tax return, work study earnings must be reported to the IRS. You will receive a W2 from the Student Accounts Office in January, or electronically through Vandal Web if you choose the electronic W2 option. Remember to list Work Study earnings under “Additional Financial Information” (taxable earnings from need-based employment programs) on the FAFSA. This removes Work Study earnings from the expected family contribution calculation.

CONSENT FOR RELEASE of Student Information

University of Idaho

Office of the Registrar
Phone: (208) 885-6731
Fax: (208) 885-9061
registrarforms@uidaho.edu

Student: _____ Student ID: _____
 First Middle Last
Birth Date: _____

I hereby authorize the University of Idaho to discuss and verbally release the following information:

- ALL academic information OR these *individual items*:
