

PROMOTION AND TENURE TIMELINE SELECTION

This action supersedes paragraph 2 of the emergency action “Sabbatical and P&T Deadlines” dated March 26, 2020.

Action: Delay deadline to choose the new or old promotion and tenure timeline to **Friday, May 8, 2020**. It was originally due April 1 per FSH 3500-I.1, then delayed to Wednesday, April 15, 2020 in a previous emergency action.

Policies at Issue:

- [FSH 3500](#) I.1.

Reasons for Action: The decision to offer an additional year toward promotion and tenure for COVID-19 disruptions (see emergency action “Timing Extension for Promotion and Tenure Applications During 2020-21” dated 4/18/20)) complicated the request process for new/old promotion and tenure timeline choices. We must extend this deadline further for faculty to consider both issues together.

Process: The Provost’s office will contact affected faculty directly with an online form sent during the week of April 20, 2020.
