All must follow the Healthy Vandal Pledge which includes daily symptom monitoring.
- An employee should stay home if ill, experiencing any of the known symptoms of COVID19, have tested positive for COVID19, or have been potentially exposed to someone with COVID19. Employee should contact their medical provider for instructions and coordinate with their supervisor.
SUPERVISOR COVID CONSIDERATIONS FOR FALL 2021

Implement COVID reducing practices as feasible within the worksite: encouragement of the vaccine, wearing face masks, distancing, hand sanitizer/washing availability, ventilation, support isolation/quarantine for those sick or exposed to COVID19.

Consider A/B employee schedules if the worksite necessitates it and as long as continuity of operations remain. Communicate start and stop dates; Schedules must be randomly assigned (no preferential treatment for schedules).

Travel considerations—See Faculty/Staff UI COVID19 website.
CHANGE IN WORK LOCATION CONSIDERATIONS

Many of the programs that supported flexible work locations last year have ended (Federal Families First Coronavirus Response Act).

Discretionary Flexible Work Arrangements (more than two weeks): [https://www.uidaho.edu/human-resources/forms/flex-arrangements/flex-faq](https://www.uidaho.edu/human-resources/forms/flex-arrangements/flex-faq) May be granted when the proposed work situation supports the business need of the university.

Disability Accommodation: [https://www.uidaho.edu/human-resources/employees/accommodations](https://www.uidaho.edu/human-resources/employees/accommodations) Follows the ADA process for providing a reasonable accommodation.
