Account (Historical Version)

Resource	Fields	Definition	Data Generation	Original Data Source
	ID	Serialized identifier the Account record	System Generated	Core Data: Accounts
	Image	PNG image for the Account	Institution Provided	Core Data: Accounts
	First Name	Account's first name	Institution Provided	Core Data: Accounts
	Middle Name	Account's middle name	Institution Provided	Core Data: Student Demographics
	Last Name	Account's last name	Institution Provided	Core Data: Accounts
	Suffix	Account's suffix	Institution Provided	Core Data: Student Demographics
	Preferred First Name	Account's preferred first name	Institution Provided	Core Data: Accounts
	Gender	Account's gender	Institution Provided	Core Data: Student Demographics
	Sex	Account's sex	Institution Provided	Core Data: Student Demographics
	Race	Races representing the Account	Institution Provided	Core Data: Student Demographics
	Ethnicity	Ethnicities representing the Account	Institution Provided	Core Data: Student Demographics
	Date of Birth	Account's date of birth	Institution Provided	Core Data: Student Demographics
	Email Addresses	Account's email addresses	Institution Provided	Core Data: Accounts
	Email Addresses: Count	Count of the number of email addresses associated with the Account	System Generated	Core Data: Accounts
	Academic Standing	Account's academic standing	Institution Provided	Core Data: Student Demographics
	Enrollment Status	Enrollment status of the Account	Institution Provided	Core Data: Student Demographics
	Class Standing	Class standing of the Account	Institution Provided	Core Data: Student Demographics
	Honors Programs	Honors programs associated with the Account	Institution Provided	Core Data: Student Demographics
	Honors Programs: Count	Count of honors programs associated with the Account	System Generated	Core Data: Student Demographics
	Concentrations	Concentrations associated with the Account	Institution Provided	Core Data: Student Demographics

Concentrations: Count	Count of concentrations associated with the Account	System Generated	Core Data: Student Demographics
Athletic Programs	Athletic programs associated with the Account	Institution Provided	Core Data: Student Demographics
Athletic Programs: Count	Count of the number of athletic programs associated with the Account	System Generated	Core Data: Student Demographics
Certificates	Certificates associated with the Account	Institution Provided	Core Data: Student Demographics
Certificates: Count	Count of the number of certificates associated with the Account	System Generated	Core Data: Student Demographics
Campuses	Campus(es) associated with the Account	Institution Provided	Core Data: Student Demographics
Campuses: Count	Count of the number of campus(es) associated with the Account	System Generated	Core Data: Student Demographics
Transfer Institution	The name of the institution that the Account transferred from	Institution Provided	Core Data: Student Demographics
Entry Term	The name of the term the Account entered the institution	Institution Provided	Core Data: Student Demographics
Career Level	The career level associated with the Account	Institution Provided	Core Data: Student Demographics
Family Education Level	The education level attained by a family member of the Account	Institution Provided	Core Data: Student Demographics
Family Education Level: Count	Count of the number of family education levels associated with the Account	System Generated	Core Data: Student Demographics
Aspired Education Level	Account's aspired education level	Institution Provided	Core Data: Student Demographics
Foreign National Status	The foreign national status of the Account	Institution Provided	Core Data: Student Demographics
High School	Name of the high school associated with the Account	Institution Provided	Core Data: Student Demographics
Hometown	Hometown of the Account	Institution Provided	Core Data: Student Demographics
Immigration Status	The immigration status of the Account	Institution Provided	Core Data: Student Demographics
Military Status	Description of the military status of the Account	Institution Provided	Core Data: Student Demographics
Majors	Major(s) associated with the Account	Institution Provided	Core Data: Student Demographics

Majors: Count	Count of major(s) associated with the Account	System Generated	Core Data: Student Demographics
Minors	Minor(s) associated with the Account	Institution Provided	Core Data: Student Demographics
Minors: Count	Count of minor(s) associated with the Account	Institution Provided	Core Data: Student Demographics
Degree Programs	Degree program(s) associated with the Account	Institution Provided	Core Data: Student Demographics
Degree Programs: Count	Count of degree program(s) associated with the Account	System Generated	Core Data: Student Demographics
Degree Types	Degree type(s) associated with the Account	Institution Provided	Core Data: Student Demographics
Degree Types: Count	Count of degree type(s) associated with the Account	System Generated	Core Data: Student Demographics
Schools of Enrollment	Institution school(s) associated with the Account	Institution Provided	Core Data: Student Demographics
Schools of Enrollment: Count	Count of institution school(s) associated with the Account	System Generated	Core Data: Student Demographics
Pre-Entry Programs	The pre-entry program(s) associated with the Account	Institution Provided	Core Data: Student Demographics
Pre-Entry Programs: Count	Count of pre-entry program(s) associated with the Account	Institution Provided	Core Data: Student Demographics
Local Residence Location	Local residence(s) associated with the Account	Institution Provided	Core Data: Student Demographics
Is Commuter	Designation of the Account as a commuter	Institution Provided	Core Data: Student Demographics
Is Pell Grant Eligible	Designation of the Account as pell grant eligible	Institution Provided	Core Data: Student Demographics
Is Matriculating	Designation of the Account as matriculating	Institution Provided	Core Data: Student Demographics
Is First Generation	Designation of the Account as a first generation college student	Institution Provided	Core Data: Student Demographics
ACT Composite Score	Composite ACT score of the Account: 1 to 36	Institution Provided	Core Data: Student Demographics
ACT English Score	English ACT score of the Account: 1 to 18	Institution Provided	Core Data: Student Demographics
ACT Math Score	Math ACT score of the Account: 1 to 18	Institution Provided	Core Data: Student Demographics

ACT Reading Score	Reading ACT score of the Account: 1 to 18	Institution Provided	Core Data: Student Demographics
ACT Science Score	Science ACT score of the Account: 1 to 18	Institution Provided	Core Data: Student Demographics
ACT Writing Score	Writing ACT score of the Account: 1 to 36	Institution Provided	Core Data: Student Demographics
GMAT Score	GMAT score of the Account: 200 to 800	Institution Provided	Core Data: Student Demographics
GRE Score	GRE score of the Account: changed to a 130 to 170 scale (from a 200 to 800 scale)	Institution Provided	Core Data: Student Demographics
LSAT Score	LSAT score of the Account: 120 to 180	Institution Provided	Core Data: Student Demographics
MCAT Score	MCAT score of the Account: 118 to 132	Institution Provided	Core Data: Student Demographics
SAT Composite Score	Composite SAT score of the Account: 400 to 1600	Institution Provided	Core Data: Student Demographics
SAT Math Score	Math SAT Score of the Account: 200 to 800	Institution Provided	Core Data: Student Demographics
SAT Verbal Score	Verbal SAT Score of the Account: 200 to 800	Institution Provided	Core Data: Student Demographics
SAT Writing Score	Writing SAT Score of the Account: 200 to 800	Institution Provided	Core Data: Student Demographics
Legacy SAT Score	Composite legacy SAT score of the Account: 400 to 2400	Institution Provided	Core Data: Student Demographics
Incoming GPA	Incoming GPA of the Account from a previous institution	Institution Provided	Core Data: Student Demographics
Cumulative GPA	Cumulative GPA of the Account	Institution Provided	Core Data: Student Demographics
Current Credit Load	Current credit load of the Account	Institution Provided	Core Data: Student Demographics
Cumulative Credits Earned	Total number of credits the Account has earned	Institution Provided	Core Data: Student Demographics
Cumulative Credit Hours Completed	Total completed credit hours of the Account	Institution Provided	Core Data: Student Demographics
Cumulative Credit Hours Attempted	Total attempted credit hours of the Account	Institution Provided	Core Data: Student Demographics
Anticipated Graduation Date	The anticipated graduation date of the Account	Institution Provided	Core Data: Student Demographics
Housing Facility	The on-campus housing facility that the Account resides in	Institution Provided	Core Data: Student Demographics

Card ID	Identification card number of the Account	Institution Provided	Core Data: Student Demographics
SIS ID	Student information system ID of the Account	Institution Provided	Core Data: Student Demographics
External ID	Unique identifier of the Account	Institution Provided	Core Data: Student Demographics
Effective Time	The date and time the Account became effective	Institution Provided	Core Data: Student Demographics
Effective Timeframe	The timeframe the Account became effective	Institution Provided	Core Data: Student Demographics
Expiration Time	The date and time the Account expired	Institution Provided	Core Data: Student Demographics
Custom Demographics	The custom demographics section will be different for each institution depending on how they choose to implement Beacon. An institution can have up to 50 custom fields and each will be displayed inside of Insight if a single data point has been populated. The custom fields section will not display if no data has been populated.	Institution Provided	Beacon

Beacon Appointment

Resource	Fields	Definition	Data Generation	Original Data Source
	ID	Serialized identifier for the Beacon Appointment record	System Generated	Beacon
	Start Time	The date and time the Beacon Appointment started	Institution Provided	Beacon
	End Time	The date and time the Beacon Appointment ended	Institution Provided	Beacon
	Status	Status of the Beacon Appointment	System categories: Approved Canceled Canceled and Reopened Denied Pending	Beacon
	Comment	Comments entered by the user when requesting the Beacon Appointment	Institution Provided	Beacon
	Creation Time	The date and time the Beacon Appointment was requested	Institution Provided	Beacon
*Account Resource Fields				

Beacon Check In

Resource	Fields	Definition	Data Generation	Original Data Source
	ID	Serialized identifier for the Beacon Check-in record	System Generated	Beacon Locations
	Enter Time	The date and time the user checked in	System Generated	Beacon Locations
	Exit Time	The date and time of the user was received or left the location	System Generated	Beacon Locations
	Visit Reason	Categories identified by the institution for the user to select when checking into a location	Institution Provided	Beacon Locations
	Visit Reason Active	Identifies if a visit reason is active	System Categories: Yes No	Beacon Locations
	Reason for Leaving	Reason the user left the location	System Categories: Advised Class Conflict Helped w/o Meeting Long Wait No Reason Given Received Wrong Location	Beacon Locations
*Account Fields				
*Beacon Location Resource Fields				

Beacon Encouragement

Resource	Fields	Definition	Data Generation	Original Data Source
	ID	Serialized identifier for the Beacon Encouragement record	System Generated	Beacon
	Details	Description given to a Beacon Encouragement by the user who created it	Institution Provided	Beacon
	Audience Type	Audience type chosen by the creator	System Categories: All Private	Beacon
	Type	The type of Beacon Encouragement chosen by the creator	System Categories: Academic Excellence Active Participation Craftsmanship Innovative Approach Mentoring Positivity Quality of Effort Thoughtfulness Other	Beacon
	Creation Time	The date and time the Encouragement was created	System Generated	Beacon
*Account Resource Fields				

Beacon Location

Resource	Fields	Definition	Data Generation	Original Data Source
	ID	Serialized identifier for the Beacon Location record	System Generated	Beacon
	Name	Name of the Beacon Location	Institution Provided	Beacon Locations
	Room	Room of the Location	Institution Provided	Beacon Locations

Beacon Non-Cognitive Factor Score

Resource	Fields	Definition	Data Generation	Original Data Source
	Factor Name	Non-cognitive factors of the SSI & CSA	System Categories: Academic Engagement Academic Self-Efficacy Campus Engagement Campus Engagement/Commitment Career Maturity Educational Commitment Identity Life Complexity Resiliency Social Comfort	Beacon
	ID	Serialized identifier for the Beacon Non-Cognitive Factor Score record	System Generated	Beacon
	Factor Score	Score for a given factor calculated from a set of questions from the SSI or CSA	System Generated	Beacon
	Factor Percentile	Percentile of the factor score	System Generated	Beacon
	Validity Concern	This will return True if there is a validity concern for a users SSI or CSA. A validity concern occurs when a student does not answer a certain number of questions associated with the factor on the SSI or	System Categories: True False	Beacon
	Creation Time	The date and time the Non-Cognitive Factor Score was calculated	System Generated	Beacon
	Administration: ID	Unique identifier of the Beacon administration	System Generated	Beacon
	Administration: Name	Name of the Beacon administration	Institution Provided	Beacon
	Administration: Start Time	The date and time the Beacon administration started	Institution Provided	Beacon

	ID	Serialized identifier for the Outcomes Result record	System Generated	Outcomes
	Count	Count of the number of users evaluated who fall into the associated achievement level	Institution Provided	Outcomes
	Score	The score given on a given assessment	Institution Provided	Outcomes
	Achievement Level	Outcomes Result level based on a threshold	Institution Provided	Outcomes
	Creation Time	The date and time the Outcomes Result was created	Institution Provided	Outcomes
	Org Unit Level	The name of the organizational unit that is associated with the given assessment	Institution Provided	Outcomes
	Assessment: Name	The name of the assessment	Institution Provided	Outcomes
	Assessment: Method	The method of input used to measure achievement	Institution Provided	Outcomes
	Assessment: Reason	Selected assessment analysis type (diagnostic, formative, summative)	Institution Provided	Outcomes
	Assessment: Start Date	The date the assessment started	Institution Provided	Outcomes
	Assessment: End Date	The date the assessment ended	Institution Provided	Outcomes
	Assessment: Degree of Learning	Selected degree of learning for the assessment (introduced, reinforced, mastered)	Institution Provided	Outcomes
	Assessment: Analysis	Analysis of the Outcomes Result	Institution Provided	Outcomes
	Assessment: Summary	Summary of the Outcomes Result	Institution Provided	Outcomes
	Assessment: Scoring Method	Selected scoring method of results (testing instrument, evaluator observation, rubric, pre/post test, external benchmark comparison)	Institution Provided	Outcomes
	Assessment: Confidence	The selected level of evaluator confidence in results (low, medium, high)	Institution Provided	Outcomes
	Assessment: Collection Method	Selected assessment delivery format (paper, computer adaptive test, uploaded assignment, aggregate)	Institution Provided	Outcomes

Assessment: Scale Type	Selected scale type for the results (standard or pass/fail)	Institution Provided	Outcomes
Assessment: Min Score	Minimum possible score based on the threshold scale	Institution Provided	Outcomes
Assessment: Max Score	Maximum possible score based on the threshold scale	Institution Provided	Outcomes
Assessment: Is Evaluated Result	Designation of if the assessment chosen is representative of the outcome at a given level	System Categories: Is No Is Yes	Outcomes

Rubric Entry Detail				
Resource	Fields	Definition	Data Generation	Original Data Source
	ID	Serialized identifier for the Rubric Entry Detail record by dimension	System Generated	Rubrics
	Comment	Evaluator comment provided for the associated dimension	Institution Provided	Rubrics
	Dimension	The title of the dimension of the associated rubric template	Institution Provided	Rubrics
	Dimension Description	Description of the dimension	Institution Provided	Rubrics
	Possible Points	Total points possible for the dimension	Institution Provided	Rubrics
	Achievement	Title of the achievement level obtained for the dimension	Institution Provided	Rubrics
	Achievement Description	Description of the achievement level	Institution Provided	Rubrics
	Scored Points	The scored points given for the dimension	Institution Provided	Rubrics
	Evaluation: ID	Serialized identifier for the rubric evaluation record	System Generated	Rubrics
	Evaluation: General Comment	General Comments given by the evaluator	Institution Provided	Rubrics
	Evaluation: Total Points	Total points given by the evaluator for the entire rubric	Institution Provided	Rubrics
	Evaluation: Creation Date	The date and time the evaluator created the evaluation	System Generated	Rubrics
	Evaluation Evaluator: ID	Serialized identifier for the Account record of the evaluator	System Generated	Rubrics
	Evaluation Evaluator: External ID	Unique identifier of the Account that completed the evaluation	Institution Provided	Rubrics
	Evaluation Evaluator: First Name	First name of the Account that completed the evaluation	Institution Provided	Rubrics
	Evaluation Evaluator: Last Name	Last name of the Account that completed the evaluation	Institution Provided	Rubrics
	Evaluation Evaluator: Email Addresses	Email address of the Account that completed the evaluation	Institution Provided	Rubrics
	Entry: ID	Serialized identifier for the rubric entry record	System Generated	Rubrics
	Entry: General Comment	Overall evaluator rubric comments for the entry	Institution Provided	Rubrics

Entry: Total Points	Total evaluation score	Institution Provided	Rubrics
Entry: Creation Date	The date and time the entry was created	System Generated	Rubrics
Entry Set: ID	Serialized identifier for the assessment record	System Generated	Rubrics
Entry Set: Name	Name of the assessment or assignment. The assessment creator may use a name specific to the assessment or may use the title of the rubric template	Institution Provided	Rubrics
Entry Set: Source	Source of the data. Assessment created in Rubrics or Assignment imported from institution's LMS	Institution Provided	Rubrics
Rubric: ID	Serialized identifier for the rubric template	System Generated	Rubrics
Rubric: Title	Title of the rubric template	Institution Provided	Rubrics
Rubric: Total Points	Total points possible	Institution Provided	Rubrics
Rubric: Creation Time	The date and time the rubric was created	System Generated	Rubrics
