

**Cascaded Plan – Waypoint 1
July 1, 2016 – June 30, 2019**

**Unit Name: University Advancement—
Development, Alumni Relations,
Advancement Services**

Long term focus which supports the University of Idaho Strategic Plan:

(narrative including which university goal(s) will be central to the unit's activities over the next nine years and a brief description of anticipated tactics deployed to meet goal(s))

University Advancement exists to support and advance the University of Idaho. We do this through the work of our three units-Development, Alumni Relations and Advancement Services. In regards to development, we employ a hybrid central/decentralized fund-raising structure with central services for annual giving, corporate/foundation relations and estate, gift planning and trust services and decentralized fund-raising staffs in the colleges and specific units. We work in partnership with the University of Idaho Foundation who receives, invests and distributes the gift income to identified designees.

We work to engage our alumni and friends in advancing the University of Idaho, leading to their investment of time, talent and/or resources to further the goals of the university. Our efforts are targeted in support of the strategic directions of the University. Over the next nine years, we hope to accomplish these goals by increasing our outreach and engagement of alumni, increasing their level of financial support and launching and successfully completing the largest fund-raising campaign in Idaho's history.

Waypoint 1 goal(s) and objective(s), institutional metric(s) (from page 6) and tactics (short narrative description):

Key tactics described here in narrative form, as a numbered list. Include a cross referencing to strategic plan goals and objectives where possible.

1. Successful conversion to a new database system. Develop strategic plan to populate database with key information that will assist fund-raising, alumni engagement and other university activities. Enhanced prospect research efforts and discovery efforts will enable the Advancement team to engage more alumni and friends.
2. Complete fund-raising efforts for Idaho Arena, WWAMI building. Develop plans and begin fund-raising for other key university priorities such as UI CAFÉ, Rock Creek Ranch and similar projects.
3. Work with colleges and units to achieve their annual fund-raising goals with special emphasis on university-wide directives such as scholarships and support for undergraduate research.
4. Begin plans for a comprehensive campaign comprised of “Big Ideas” from the strategic plan. Examples could include initiatives involving CAFÉ, cybersecurity, enhanced research activity and educating Idaho citizens (Go On rate). Develop campaign infrastructure—budget, staff, professional development program, etc.—to maximize fund-raising and engagement effectiveness.
5. Rebuild Alumni Chapter system to grow alumni engagement in support of the University of Idaho, particularly enrollment and career services. Enhance alumni participation rate in giving.
6. Partner with UCM to create and implement university-wide branding campaign to enhance UI reputation throughout the state with key constituents.
