SUBJECT: Position Control Guidelines

Thank you to everyone who has provided feedback on the program prioritization process. I appreciate your input, feedback and ideas to help make this process effective and valuable as we work toward the ambitious goals we have set in the [Strategic Plan](#).

The [website for program prioritization](#) has information to guide the process. But, the Position Control Guidelines, a vital piece to this guidance, were omitted during the website creation. The mistake has been corrected and you can now find this helpful document among the others on the site. We apologize for the mistake.

Please review this document as it provides much of the detail of reallocation of salaries based on prioritization.

Thank you for your support as we compile your feedback and apply it to the process. If you have questions or need additional guidance, please contact Lodi Price at lodi@uidaho.edu.
