Using Browse Classes

Access Browse Classes from three locations:
- VandalWeb’s Faculty & Advisors tab,

Advanced Search Criteria

In addition to the **Subject** drop-down, **Course Number**, **Keyword**, and **Title** searches, course sections can be filtered by **Campus**, **Instructional Methods** and more.

**Credit Hour Range**: 3 to 4 returns 3- and 4-credit courses, along with variable credit sections that can be set at 3 or 4 credits.

- Entering ‘4’ in the 1st box returns >=4 credits, while ‘4’ in the 2nd box finds sections <=4.
- Both results will include variable credit courses extending beyond the given range.
- Entering 4 in both boxes returns 4-credit courses and any variable credit courses where the top or bottom number in the range is 4.

When searching by time, always add AM/PM. Use both rows to limit the results to a range of time, or one alone to limit the start or end time.

**Open Sections Only** hides full classes that do not have a waitlist. It does not hide those with waitlists or sections that meet the search criteria but may not be available to you, such as sections past their Add/Drop date or Dual Credit courses for High School students.
